## Detention of 50 under **SPA** declared illegal UNB, Dhaka

A High Court bench yesterday held illegal detention of at least 50 people, including Monwar Hossain Dipjal, a Dhaka City ward commissioner and movie villain.

The bench comprising Justice MA Aziz and Justice Nazrul Islam Chowdhury passed separate orders on hearing the writs filed by the detainees challenging their deten-tion under the Special Powers Act.

Another bench comprising Justice Amirul Kabir Chowdhury and Justice Nizamul Huq declared illegal the detention of Golam Faruq Khan Kaiser, a lawyer of Chittagong.

Kaiser's detention was earlier held illegal twice.

## Polls tribunal set up at each upazila

### STAFF CORRESPONDENT

The Election Commission (EC) has set up an election tribunal at each upazila to hear and settle disputes on the ongoing Union Parishad polls.

water transit The upazila's senior assistant judge or the assistant judge was appointed tribunal judge, said an EC press release yesterday. **RAFIQ HASAN** 

In the hill districts Khagrachhari Rangamati and Bandarban, the New Delhi has asked Dhaka to additional district magistrate will extend its transit facility through perform as tribunal judge

### **RAFIQ HASAN**

A high-level meeting will soon decide on retrenchment of excess manpower in the state-owned jute mills, jute ministry sources said. The ministry is working on a

study report by a high-powered committee that has suggested retrenchment among other recommendations to make the mills viable. The nine-member committee

headed by former jute secretary AFM Sarwar Kamal made the recommendations in December. "At least 19 of a total of 23 state-

owned mills in the country could reach break even points if necessary steps are taken on the basis of our recommendations," said a member of the committee, on condi-

# DMCH burn unit in acute bed crisis

#### NAIMUL HAQ

Burn patients are not getting admission to the only burn unit in the country at the Dhaka medical College Hospital (DMCH), owing to an acute shortage of beds.

Currently, the unit has 124 burn patients against only eight beds, forcing the extra patients either to go to other wards where vacant beds are available, or to find space on the floor.

This is for the first time the unit is facing such a crisis, an official of the unit told the Daily Star yesterday. And doctors attributed such rise in burn cases to the dry season.

On every admission day (Wednesday), on an average the unit has to admit 20 patients now, instead of the usual five to eight. But that is not enough to deal with the rush of patients. Surgeons said many burn patients requiring immediate treatment were asked to come back later or have their names included in the waiting list.

Dr Md. Abdur Rashid, one of the surgeons, said, " Many of the patients who do not get admission need emergency surgery as burn causes severe injury and

Nilufa, 35, with 70 per cent burn, Ayesha, 15, with 34 per cent burn, Parvati, 19, with 25 per cent burn, Nazma, 35, with 30 per cent burn and Sabina, 11, with 23 per cent burn are some of the patients now accommodated on the floor

"I was refused admission twice at the hospital, but when I finally got admitted I had no bed," said Nazma from Manikganj who is now on the floor.

Dr Rashid also said. "Previously we never had such rush of patients in desperate need of surgery The number of patients is increasing rapidly but the capacity of the burn unit is not."

Dr Samanta Lal Sen, Chief of the proposed 50-bed burn hospital, explained, "We are working day and night to perform surgeries but burn injuries cannot be healed with just one surgery."

He continued, "Often it requires multiple surgeries and so after the first surgery, patients are asked to stay back for observation. But even post-operative patients are frequently accommodated on floors or forced to share beds, which are quite unsafe for the SEE PAGE 11 COL 2

### **Criminal cases** Court summons **Om Prakash**, 7 others

### **COURT CORRESPONDENT**

The Metropolitan Sessions Judge's Court, Dhaka, yesterday issued Summons on businessman Om Prakash Chowdhury (Agrawal) and seven others in connection with seven criminal cases.

Judge Motiur Rahman, after scrutinising the necessary docu ments, issued the order.

The Bureau of Anti-Corruption (BAC) on Tuesday filed the cases against them for taking loans from different banks against export orders from a Hong Kong based company to ship apparel.

The seven others are Panka Saha, Narayan Chandra Bhowmik, Uttam Kumar Saha, Sanjay Kumar Bhataria, Chandan Chakraborty Radha Krishna Sharma and Hare Krishna Saha.

## Criminal held, arms recovered STAFF CORRESPONDENT

Detective police yesterday arrested a notorious criminal of Dhaka University area, Shahrier Hossain alias Rabin, with some firearms and ammunition

He was nabbed from a house at Riazbagh Taltala in Khilgaon area and a pistol was recovered from his possession

Acting on his confession, police later recovered a shotgun, a singlebarrel rifle, a .32 foreign-made revolver and 274 rounds of ammunition from his rented house at Dilu Road in the city's Moghbazar.

They also arrested Rabin's friend and caretaker of the house Arif Hossain

Police said Rabin is a close associate of Sadek Abdullah, son of former opposition chief whip Abul Hasnat Abdullah

## to be set up in city

### BSS, Dhaka

The government has decided to set up a medical university and two general medical hospitals in the city to make quality medical service easily available.

The decision was taken at a presentation session on the Ministry of Health and Family Welfare here yesterday with Prime Minister Khaleda Zia in the chair.

The decision followed recommendations of relevant committees and physicians' demand to make medical education well-coordinated at the national level and improve medical services.

The IPGMR and all the 12 medical college hospitals of the country will be brought under the proposed National Medical University.

The two proposed 500-bed general hospitals will be set up in

Mirpur-Pallabi area and Bashabo-Khilgaon-Mugdapara area to cope with the increasing pressure on medical sector.

During her interventions in the three-hour meeting in the International Conference Centre. Prime Minister Khaleda Zia directed the authorities concerned to take necessary steps to ensure easy availability of medical services to the people, particularly the poor.

She said all district hospitals should be made self-reliant so that people, especially the poor, do not have to rush to cities for treatment. Attended by a number of senior

ministers and government officials. the meeting decided in principle to introduce a three-year Health. Nutrition and Population Programme from July next by maintaining sector-wide approach and enabling the health and population sector to render their services under separate organisational structures like before. This decision was taken as per recommendations of the IMED and London School of Tropical Medicine and Hygiene.

The meeting decided in principle to allow foreign specialist doctors to render medical services in Bangladesh on condition that two local Bangladeshi doctors are associated with each of them.

The decision will help Bandladeshi patients get improved medical services, enhance expertise of local physicians and save a lot of foreign exchange that is now being spent as many patients go
