Five are to die for killing Jatiyatabadi Juba Dal leader Mizanur Rahman alias Mizan at Rampura in the city on May 29 last year.

The Speedy Trial Tribunal-1, Dhaka, yesterday sentenced Yasin Khan Palash alias Kala Palash, Sujon, Abdul Mannan alias Milon, Mithu and Lenin to death and also fined them Tk 50,000 each.

The tribunal handed down life imprisonment to one accused, Ujjal alias Kallu, and fined him Tk 30,000. In case of default, he will be behind

the bars for another year.

Three others—Sumon, Monjurul Alam alias Swadhin and Salam—were acquitted.

Of the five with death penalty, Lenin is absconding and the other four are in jail custody.

The convicts can appeal to the High Court Division against the judgement in a week.

Judge of the tribunal Shahed Noor Uddin read out parts of the 35-page judgement in a crowded courtroom amidst tight security.

The judgement said Mizan was killed by Palash and his men to

establish supremacy in the area. The killers shot and injured the young man and attacked him again to make sure he is dead.

"We have to be careful that such brutal incidents do not recur," it observed.

The verdict said the punishment of the fugitive convict will take effect from the day of his surrender or arrest.

Kala Palash, Sujon, Milon, Mithu, and Ujjal were in the dock when the judgement was pronounced.

STAFF CORRESPONDENT

Auditors have found irregularities in the handling of Tk 187.35 crore earned by the army personnel as foreign allowance.

The money was not deposited with the government as required by the rules. Instead, a substantial amount of the money was transferred to a fixed deposit receipt

(FDR), certain portion was disbursed as loan and the rest kept in a current account.

This was revealed in an audit report by the comptroller and auditor general of Bangladesh, tabled in parliament last night by State Minister for Finance Shah Md Abul Hossain.

According to the report on the institutions under the defence minis-

try, an audit on the 1999-2001 accounts of the welfare and rehabilitation directorate and army headquarters revealed that separate funds were created with the amount of army personnel's foreign allowance payable to the government treasury.

Of the Tk 187.35 crore, meant for government treasury, Tk 139.57 crore was deposited in an FDR, Tk 2

Truly independent anti-graft body is all that matters

Eminent citizens tell The Daily Star

ZAYADUL AHSAN

Eminent citizens have praised the government for its move to set up an independent anti-corruption commission, but put an underscore on making the body truly free from the leverage of the executive wing.

Talking to The Daily Star yesterday, they emphasised who and what type of persons would be handpicked to select the chairman and members for such a commission.

The views came after the cabinet approved the independent anti-corruption commission act on

Monday and ahead of its possible tabling in parliament for consideration on Thursday.

Former cabinet secretary Mujibul Haq thinks that the commission should be set up as a constitutional body to become independent as such.

"There should be provisions allowing the president to appoint the chairman and two members to the commission from a six-member panel without consulting anyone," he said. "This power should be vested in him through constitu-

Twin sisters die after surgery

AFP, Singapore

The historic attempt to separate adult Iranian twin sisters joined at the head ended tragically in Singapore yesterday when Ladan and Laleh Bijani died within 90 minutes of each other after a marathon operation.

"Raffles Hospital regrets to announce that the Bijani twins, Ladan and Laleh, have both passed away during surgery to separate them," a hospital statement said.

The statement said the twins lost a lot of blood as the neurosurgical stage of the 52-hour operation, in which their tightly enmeshed brains were separated, was coming to an end.

"Doctors' attempts to stabilise them were in vain as their conditions continued to deteriorate," it said.
