BTTB cell phone by June next year

Minister tells parliament

UNB, Dhaka

The much-talked-about mobile phone from state-owned Bangladesh Telegraph and Telephone Board (BTTB) will roll into the market by June next year, parliament was told yesterday.

The BTTB would market 2.5 lakh cellular phones by June 2004 across the country in the first phase, out of total 10 lakh approved by the ECNEC. Post and Telecommunications Minister M Aminul Haq said replying to M Atiur Rahman Atiq (Sherpur-1).

He said the project is now at the final stage with the evaluation committee scrutinising its various aspects.

Replying to another question from Advocate Abul Kalam (Narayanganj-5), the telecommunications minister said all upazilas would be brought under digital telephone network by December this year with the establishment of digital telephone exchange.

To another question from Dr Syed Abdullah M Taher (Comilla-12), he said the Bangladesh Telecommunications Regulatory

Commission was considering fixation of the highest and lowest charges for mobile phones under the Bangladesh Telecommunications Act, 2001.

The government, he added, would also formulate necessary policies and guidelines on all issues regarding the tariffs and fixation of highest and lowest charge for mobile phones under the World Bank-funded Telecommunication Technical Assistance Project.

The minister also told the House that inter-connectivity capacity between the BTTB and other mobile phone operators would be expanded by December.
