**Unauthorised foreign medicines seized**  
STAFF CORRESPONDENT  
About 200 types of unregistered foreign medicines worth Tk 3,00,000 were seized from major drug stores in the city yesterday.  
The inspectors of the Drug Administration recovered the medicines during a drive conducted at the directive of the health minister.  
Such drives were also conducted in some other districts.  
"The minister has ordered us to take stern actions against those selling unregistered and fake medicines," said Professor Abdul Gani, director of Drug Administration.  
The medicines recovered during the drive were banned in 1982 when the drug policy was framed, as these were considered unessential, he said.  
"But some of the doctors are still prescribing those medicines," he added.  
The inspectors conducted the drive at nine drug stores at Shabbagh, Shantinagar, Eskaton, Kakrail, Kalabagan and Sher-E-Bangla Nagar.  
They found the unauthorised medicines produced in India, Pakistan, Thailand, the UK and the USA on the shelf.  
The drug administration authorities also conducted the drives in Comilla, Feni, Sylhet, Gazipur, Dinajpur, Pabna and Chittagong districts.

**Bangladesh a multi-religious society: Gautam**  
UNB, Dhaka  
State Minister for Water Resources Gautam Chakravorty has said Bangladesh is a multi-religious society where people of all faith live in complete peace and harmony.  
There is no division among the people following different religions, he said while addressing a meeting of Federation of Bangladesh Associations of North America (FOBANA) in Washington on Saturday night, according to a message received here yesterday.  
He said they are having full freedom and the right to preach and practise their religious beliefs but wondered at the absence of such peaceful and harmonious relations between different religious groups when they live in foreign countries.  
He urged them to be united irrespective of their political affiliations and beliefs and said that by doing so they could serve themselves and their country better.  
Acknowledging the contributions made by the expatriates for a healthy growth in foreign exchange reserves, Gautam said foreign exchange reserves lately rose close to 3 billion US dollar, highest in the last seven years, and remittances sent by them contributed substantially for this improvement.  
He also supported their need to build a house for ultimately settling down in the country of their origin.
