New law soon to check pilferage of electricity

STAFF CORRESPONDENT, Cg

A strict law is likely to be enacted soon to check pilferage of electricity and illegal connections, State Minister for Power Iqbal Hasan Mahmud said yesterday.

"A USAID-funded feasibility study in this regard is underway," he said, adding that on the basis of the study report, a bill seeking amendment to the existing law will be placed at Jatiya Sangsad.

Talking to newsmen, the state minister regretted the rundown condition of the age-old power substations in Chittagong and stressed the need for major repair work.

"The power stations in this part of the country had suffered a serious blow in 1991 cyclone. Many transformers and other valuable equipment were badly damaged and most of them were not replaced yet," he added.

The state minister said the government has taken a 100-day programme again, beginning from December, to improve the power supply situation.

The ECNEC has approved the 'Gas exploration to endanger Sundarbans'

STAFF CORRESPONDENT

The government's decision to lease out block 5 for gas exploration would endanger the existence of Sundarbans, said the organisers of Dhaka-Mongla long march at a public meeting in Faridpur town yesterday.

They said the bio-diversity of the country is now under threat as the government has been leasing out the gas fields without considering the negative impact on the environment.

"The natural resources of the country must be protected at any cost for our own interest," said the President of the Communist Party of Bangladesh (CPB) Monjurul Ahsan Khan.

Citing the recent events in Bolivia, he said we must make our movement a success by ousting the government within December next.

Convener of the protection committee Engineer Sheikh Muhammad Shahidullah, Bimal Biswas of Workers Party and Dilip Barua of Samyabadi Dal also addressed the meeting.

The long-march, organised by the National Committee for protection of oil, gas, electricity and port, arrived in Faridpur on the third day yesterday, says a press release.

Thousands of people from Manikganj, Rajbari and Faridpur districts have joined the long-march.

BCL demands resignation of JU VC

JU CORRESPONDENT

Bangladesh Chhatra League (BCL) leaders of Jahangirnagar University (JU) yesterday demanded immediate resignation of the vice-chancellor for what they called his failure in handling the problems on the campus.

They blamed the VC for gross irregularities over the appointment of teachers and employees and politicisation of everything on the campus.

The leaders also demanded immediate solution to staggering water crisis in three women dormitories since September 23 when a pump went out of order.

They expressed deep concern over the unstable situation on the campus which triggered the session jam to almost two years.

They also blamed the VC for not taking action against the Jatiyatabadi Chhatra Dal (JCD) cadres who attacked BCL activists, general students and journalists in the last few months.

The leaders condemned JCD repression on the activists of Progressive Students Alliance (PSA) over the naming of the auditorium after Zahir Raihan.

They also questioned the justification of holding the highest post of the university by the current VC after so many failures.

The leaders raised the demands at a press conference at the central cafeteria with Mahbuba Nazneen Jebin, president of BCL JU unit, in the chair.

Ismail Hossain Sirzi, general secretary, read out a written statement at the conference.

Blood donation programme

UNB, Dhaka

A blood donation programme was held on the Dhaka University campus yesterday in commemoration of deaths of 39 students, employees and guests in a building collapse at Jagannath Hall on the night of October 15 in 1985.

The Dhaka University Bibekanda Shiksha Sanskriti Parishad organised the programme. DU Treasurer Prof. Syed Rashidul Hasan, president of DU Teachers' Association Prof. Abul Khair and Parishad President Prof. Dr. Nim Chandra Bhowmik were present.

much-awaited Tk 840 crore Greater Chittagong Power Distribution Project recently and a partial work, including rehabilitation of 28 sub-stations, will start within a month, he said.

The minister expressed his wonder over the frenzy of pompous lighting at different shopping malls in Chittagong much ahead of Eid festival.

Such lighting consumes huge power, which may hamper uninterrupted power supply, he said.

Power Secretary SM Shamsul Alam, Power Development Board Chairman Syed Abdul Mayeed and Rural Power Board Chairman Ziaul Islam Chowdhury were also present.

Earlier, the state minister held a meeting with the top officials and engineers at the PDF rest house and instructed them to take measures to ensure uninterrupted power supply during the holy month of Ramadan.
