Nelson is a man devoted to his advertising career in San Francisco, and one day, he takes a couple of hours off, rare for him, to go to take a DMV test, where he meets Sara, a woman very different from the one's he has known all his life, and because of his fault she fails the test and won't be able to drive for another month. So later that day she tracks him down so he can pay for what he did, and then makes him spend a month of his life that will change the lonely

Ju-On: The Grudge On HBO, November 19 at 9:30 pm Genre: Horror Ito Misaki, Okina Megumi

The Haunting taught us that a house is not a home. This skin-crawler disagrees - a house is definitely a home, just to owners of a different make. An ordinary, run-of-the-mill house plays host to a spiritual force not to be trifled with. If you think you have possession of this place, think again. Horrible events have happened under this roof, and whatever souls were tortured within these walls lived to tell the tale. The walls have ears. Be quiet, and pay your respects to Ju-On. Someone's got a grudge to bear.

Geology Bangladesh

Geology of Bangladesh FH Khan, Price: Tk 390.00 Bangladesh, having mostly a recent alluvial

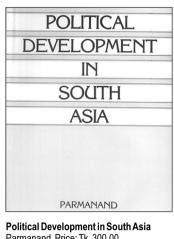

landscape, received little attention of the Geological Survey of India during the British period with regard to geological mapping. The Geological Survey of Pakistan concentrated on extensive search for mineral deposits. The same trend continues in Bangladesh.

Counting the Hills Assessing Development in Chittagong Hill Tracts Edited by Mohammad Rafi & A Mushtague R Chowdhury

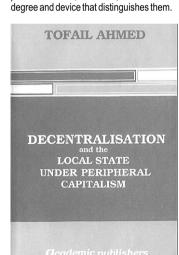

Price: Tk 600.00 The Chittagong Hill Tracts is located in the southeastern part of Bangladesh bordering India's Northeastern region and Arakan province of Myanmar (Burma). It is inhabited by various ethnic groups the most important of which are the Chakmas, the Marmas, the Tripuras, and the Mros. Together, they constitute approximately one percent of the population of Bangladesh but on account of their distinct language, ethnicity, religion and social structure, they present a challenge to the integration and development effort of Bangladesh.

Parmanand, Price: Tk. 300.00 Now that SAARC (South Asian Association

for Regional Cooperation) stands on a firm footing, its constituent states will have greater interaction among themselves on several planes. This will also be reflected on the regional and global fronts. On the plane of political development, one comes across in these states the dilemma and dialectic between decentralisation and concentration of power, the politics of change and the politics of status quoism, the politics of purpose and the politics of manipulation, the secularisation and communalisation of politics. There is, of course, a difference of degree and device that distinguishes them.

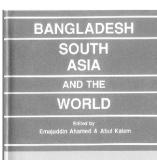

Decentralisation and the Local State Under Peripheral Capitalism Tofail Ahmed, Price: Tk. 350.00

Conventional social sciences Literature usually presents decentralisation as a means of achieving development and democracy. The present work, however, agues that the significance of decentralisation and local government is rooted in the specific material conditions of a society which in turn are

Lured by Hope A Biography of Michael Madhusudan Dutt

Translated from Bengali by Gopa Majumdar Price: Tk 890.00 Michael Madhusudan Dutt (1824-73) is one

of the greatest figures not just of Bengali but also of modern Indian literature. Ghulam Murshid's biography of Dutt is unique in that it provides, with ample evidence of tireless research, a fresh insight into the colourful yet tragic life of this intriguing writer and poet. As a modern classicist. Dutt treated traditional mythological material in a manner that lay it open for generations to re-read and reinterpret: Meghnadbadh Kabya, the nine-book epic, is often regarded as his

Adorno on Music Robert W Witkin Price: Tk 1350.00

> More than half of the published works of Theodor Adorno were devoted to his studies in music. As his reputation has grown in recent years, however, Adorno's work on music has remained a neglected area because of its musicological complexity. This is the first detailed account of Adorno's

texts on music from a sociological perspective. In clear, non-technical language, Robert Witkin guides the reader through the complexities of Adorno's argument about the links between music and morality and between musical works and social structure. Separate chapters address his treatment of Beethoven, Wagner, Mahler and Berg, Schoenberg, Stravinsky and finally jazz. Throughout, Witkin develops a sociology of the art work within which Adorno's writings on music can be understood. It was through these works more than any others that Adorno established

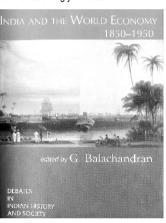

the right of the arts to be acknowledged as a moral and critical force in the development of a modern society. By recovering them for non-musicologists, Witkin adds immeasurably to our appreciation of this giant of twentieth-century thought.
