seof
South Asia Enterprise Development Facility
Industrial Engineering Consultant
Task Definition
The Industrial Engineering Consultant is expected to advise SEDF for (LES) based on its strategy paper. Besides beefing up mandated development activities, s/he would also provide further inputs and assistance to SEDF - in deciding the future interventions with respect to LES. The consultant will report to the Program Manager, Enterprise Development Services and would work closely with the Business Development Officer for LES.
Qualification and Experience sought
The Industrial Engineering Consultant is expected to meet the following :
• A degree in Industrial Engineering from a reputed Institute.
• Must have "hands on" experience in Engineering industry for a minimum of 7-10 years (private sector focus would have added advantage) - of which at least 4 years should be in LES. Proven ability to understand and suggest implementable measures relating to technology - to small engineering enterprises is essential.
• Research contributions in national and international publications is desirable though not essential.
• Age not exceeding 40 and ready to travel to fields frequently.
Time Plan
The assignment would be on a contract basis for a period of 1 year which could be extended for a mutually agreed period - based on the performance of the selected Industrial Engineering Consultant.
Remuneration Package
A package based on consultant's background and achievements would be offered.
How to Apply
(Detailed curriculum vitae should reach the following address within 7 days of publication of this ad) SEDF, "United House", 10 Gulshan Avenue, Dhaka-1212, Bangladesh.
Any persuasion or attempt to do so will result in cancellation of candidature.
IFC **DFID**
