HP ProLiant technology lets you monitor your servers, wherever you are.

You can always demand more from the global No.1 in total server revenue.

HP ProLiant's Remote Integrated Lights-Out Edition (iLOE) lets you access your servers any hour of the day, from almost any point on the planet. So you're no longer shackled to them. HP ProLiant servers, software and storage are configured to offer the highest degree of availability and manageability, with tools that let you scale the system more easily and cost-effectively. Why, multi-server environments can even be deployed, redeployed and managed automatically. No wonder HP retained its global No.1 position in overall Windows server revenue, based on strong ProLiant server sales worldwide**. Go ahead, find out more about HP ProLiant technology. Then get ready to demand more.

Building an adaptive enterprise, linking business and IT.
