

Education Adviser - DFID, Bangladesh

The Department for International Development (DFID) is one of the largest donors in Bangladesh. It has an exciting opportunity for a knowledgeable, experienced and enthusiastic development professional to join one of its interesting teams based in its Dhaka office.

DFID Bangladesh is looking for an Education Adviser to work as part of its Human Development team. You will take full advisory responsibility for the design and supervision of parts of the Bangladesh country programme. Some in-country and international travel will be required.

Actively participating in discussions on key policy and strategic issues and direction, you will make innovative contributions to the design and management of programmes to achieve DFID's objectives, ensuring that all initiatives clearly contribute towards poverty reduction and strategic targets. This will involve establishing and maintaining close working relationships with key partners including Government, civil society, other external groups and donors.

You will have a minimum of four years' experience as well as a successful track record of achievement as a development professional, especially as part of an international organisation. Applications from Educationalists with specific Bangladesh expertise are particularly encouraged.

You should also be able to demonstrate, by example, that you have personal competence in forward thinking, communicating and influencing, analytical thinking, judgement and working effectively with others. You must possess a relevant post-graduate degree or equivalent from an internationally recognised programme.

There will be an attractive and competitive local salary and benefits package, including a relocation allowance, to reflect the responsibility of the post and your skills and experience. You will be able to apply for permanent membership of the DFID Advisory cadre after successfully completing a probation period of ten months.

DFID is an equal opportunities employer. We actively encourage applications from women, ethnic minority groups and those with a disability. Selection is on merit although you will need to hold Bangladeshi citizenship or have a Bangladeshi work permit. We particularly encourage applications from Bangladeshi citizens living abroad.

To receive an application form and the full job description, you can either go to the DFID Bangladesh website www.dfidbangladesh.org or e-mail Dfidb-Recruitment@dfid.gov.uk quoting "Education Adviser" in the subject box. The closing date: 2 February 2006.
