A unique opportunity for all ambitious IT professionals

SoftwarePeople is an ambitious company who value talent, expertise and motivation above all else. SoftwarePeople represents a unique opportunity to work with the latest technology in a truly global environment, where our prime goals are to create innovative solutions for demanding international clients. In SoftwarePeople we have specialized in development, implementation and maintenance of Marketing Operation Management (MOM) solutions for large European Advertising clients. We call our MOM solution BrandShare™.

BrandShare™ is a B2B marketing portal that secures Brand consistency, cost saving and reduced time to market for large complex marketing organizations.

Position: QA Engineer

We are looking for a QA Engineer for Software Quality Assurance and Testing. You will be part of a strong international development team working on projects for different European and Asian clients. The QA team in Bangladesh will perform most of the QA and the Visual Studio 2005 Team system will be the primary tool for all test and QA.

Responsibilities
You will be responsible of the QA process for BrandShare™ projects, and guarantee high quality and high performing solutions. All part of the QA process will be handled in Visual Studio 2005 as work items for different types of issues. Collection of performance data and bugs are also an automated area in Visual Studio 2005 Team System and will be handled by the QA team. As a QA Engineer you will be a part of the team who is responsible for the overall QA process.

Education and Qualifications

- To qualify for the first round of interviews, you must have the following skills:
- A relevant Bachelor or Master Degree and at least 2-3 years' working experience with testing and QA for software development.
 - You are a structured person with strong analytical skills.
 - Fluency in written and spoken English and proficiency with IT tools.
 - Experience with functional testing and documenting the testing process.
 - Experience with testing like Unit Testing, Integration Testing, System Testing and Acceptance Testing.
 - Experience with handling bug tracking with different systems.
 - Basic knowledge in .Net technologies.
 - Experience with object oriented system development.
 - You are a quick learner and eager to learn new things.
 - You are a team player.

Experience and qualifications in the following areas would be an advantage

- Working with templates and guidelines from MSF (Microsoft Solutions Framework).
- Working with software processes like RUP (Rational Unified Process).
- Knowledge of CMMI PAs.
- Working with modeling of system architecture with UML.
- Working with data modeling and ER diagrams.

Role-based training plan and certifications

- You will receive specific training for advanced testing and QA tasks with Visual Studio 2005 and CMMI processes.
- We expect you to self-study and pass relevant MCP exams.

Tasks

- Delivering high quality QA and testing for the projects.
 - Creating and executing test cases for manual and automated tests.
 - Developing test plans with full documentation.
 - Preparing and maintaining test environments.
 - Creating functional and structural test documentation.
 - Securing traceability for all areas in the QA process.
- You will report directly to the QA Manager.

How to Apply
If you feel you have the qualities required for these roles, please send your resumes to softwarepeople@adcommad.com before February 20th 2006. Only applications received by e mail will be taken in to consideration. Please clearly mention the positions in the subject line when applying. For further information about BrandShare™ please visit www.softwarepeople.biz. We are an equal opportunity employer. Any form of solicitation would result in immediate and automatic disqualification of candidature.

SoftwarePeople is a Microsoft Certified Gold Partner working with MOM portals - called BrandShare™ for some of the largest international clients in B2B operations. SoftwarePeople is working with SOA and .Net 2.0 as a dedicated area for the next generation portal framework and the development process is to be extended to complete a CMMI level 3 in the next two years.

actionaid Vacancy Announcement

ActionAid International (AAI) is a unique partnership of people who are fighting for a better world - a world without poverty and injustice in which every person enjoys their right to a life with dignity. It works in over 40 countries in Asia, Africa, the Americas and Europe. Its mission is to "work with poor and excluded people to eradicate poverty and injustice". ActionAid has been working in Bangladesh since 1983.

Reducing Risk of the Vulnerable Communities to Flood and Earthquake (in short DEPECHO III) is a 15-month project working to increase capacity and responsiveness of community and institutions to be better prepared against risk of flood and earthquake. The project is being funded by the European Commission (EC), implemented by ActionAid Bangladesh (AAB). In this project, the following position is available to deserving candidates for immediate appointment.

Associate Coordinator Policy Advocacy: 1 position
Job Responsibilities: Responsible for designing advocacy and campaign strategy. Identify policy issues and advocacy for positive changes. Develop material to influence policy actors. Review prior policies. Liaison with Government officials. Organise events for policy advocacy at both local and national level. Communicate with media. Prepare report on policy advocacy activities. Develop policy brief and take initiative to develop capacity of local partners on policy.

Key Qualification and competencies: Post Graduate degree in Law/Social Science. Minimum 5 years working experience in development field; preferably in disaster management Experience in designing and implementing advocacy campaign is also desirable.

Salary (per month): Starting at Taka 30,000/- (Negotiable in case of deserving candidates), with other benefits as per organizational policy.

The position is based in AAB Country Office, Dhaka.

ActionAid will implement a share of the project **Reducing Risk of the Vulnerable Communities to Flood and Earthquake (in short DEPECHO III)** in partnership with eight local/regional level NGOs - Gram Unnayan Kendra, Esho Desh Gori at Kurigram, YPSA, CWFD, UTSA, OACH at Chittagong and Green Hill at Rangamatli.

Several positions of Project Officers (PO) and Field Organisers (FO) are available with these AAB Partner Organizations for immediate appointment. Candidates meeting the following qualification and experiences are encouraged to apply.

Project Officers (PO)

Key Responsibilities: Responsible for implementation and coordination of the project in their assigned areas. Providing supervision, guidance, management and capacity building support to Field Organisers are the key thrust of this position. They will also be responsible for implementing P/M&E at the field level and maintain liaison with various service providers, like minded NGOs, Local Administration, Union Parishad and other Civil Society Organizations for bringing in supports to smooth implementation of the project.

Key Qualification and Competencies:

- Bachelor in any discipline with at least 5 years of experience in development field preferably in disaster management.
- Skill and experience of staff training needs assessment, design, organize and conduct training for the staff at formal and non-formal set up.
- Skilled in Participatory Learning Approaches, P/M&E and Reporting
- Strong analytical, problem solving and decision making qualities with good leadership and interpersonal skill.
- Strong commitment to work with the disadvantaged/ vulnerable people in remote areas under difficult conditions.

Salary scale (per month): Taka 8,000 - Taka 10,000 (Negotiable in case of deserving candidates), with other benefits as per organizational policy.

Field Organisers (FO):

Key Responsibilities: Responsible for maintaining regular communication with target groups. Assist Project Officers in organizing event. Pass on relevant information to the Project Officers and provide logistic support to Project Officers.

Key Qualification and competencies:

- Minimum SSC with at least two years of working experience in grass root level, preferably in disaster management.

Salary (per month): Taka 5,000 (Negotiable in case of deserving candidates), with other benefits as per organizational policy.

If you meet the above criteria,
Please apply with your updated CV on or before 26 February 2006 to:
The HR Department, ActionAid Bangladesh
PO Box # 6107, Gulshan Post Office, Dhaka 1212

Only short-listed candidates shall be invited for the written test and interview.

The organisation is gender sensitive with a supportive and enabling environment for women to work and perform. Women candidates are strongly encouraged to apply.
