As a leading healthcare services hub in the region, more than 200,000 international patients come to Singapore each year for a whole range of medical care. Some come for health screening, others for eye, heart and brain surgeries. Yet others come for cancer treatment. Whether their needs are basic or complex, patients find assurance in a world-class healthcare system that emphasises safety and pushes the boundaries of excellence.

"Mr Daniel Mancienne from Seychelles, whose family members came to KKH for various treatments - baby daughter had a gastrotomy repair surgery, sister had a gynae procedure and his mother, health screening - was impressed with KKH's medical care and service. "Everybody in Singapore has been wonderful. The doctors and nurses were professional and dedicated; we know we are in good hands. We were very well-taken care of and I will definitely recommend KKH to my fellow countrymen if they require top-notch medical care in women's and children's health." said Mr Mancienne.

We welcome you to experience our KKH care.

Please contact our International Medical Services. Our team of professional and friendly staff would be most happy to help you with:

- Appointments and Referrals
- Admission Services
- Accommodation
- Transportation
- Discharge and Medical Evacuation

PAJERO
The Undisputed Legend

Remaining true to its prestigious off-road heritage, the Mitsubishi Pajero remains the benchmark of SUVs with added muscle, power and control. Majestic from any angle, the Pajero overcomes rough terrain as smoothly as it would on tarmac.

Beneath its exterior lies an interior decked with refined luxury and pure comfort. Flexible seating arrangements for both models let you fully utilize its cabin space while enhanced suspension equates to a pampering ride whenever you go.

In the heart of this beast lies a 3.0 V6 engine equipped with M-ASTC (Mitsubishi Active Stability Control) INVECS-II 5-Speed automatic transmission with Sports Mode and Super Select 4WD. To tame the power within, larger brakes with Multi-Mode ABS promote effective control while a rigid monocoque body keeps occupants protected from collisions from any angle.

With Pajero, you're behind the wheel of a champion all the way.
