Keep Your Factory or Home Cool and Save Energy

Capita Raya will provide a comfortable living in summer and winter

During summer and in hot climatic locations the roofing and walls absorb RADIANT HEAT and increase in temperatures is very significant. The commonly used insulation materials will absorb and store the increasing heat.

The roof particularly gets very hot and thereafter radiates heat into the premise causing the temperature to rise.

Capita Raya when used will become a barrier to the transfer of radiant heat. Capita Raya reflects almost all of the infrared radiation striking its surface and does not emit the heat toward the cooler side.

Capita Raya with its unique design serves to protect against heat gain in the summer and also heat loss in the winter.

97.4% of reflection of radiant heat

Minimum 10 years guarantee

Capita Raya for comfortable living

Use Capita Raya in your Factory, Poultry Farm, Workplace and Home

Capita Raya helps to improve environment and in meeting your compliance

- By improving your work environment and making it more comfortable, you will get better productivity in your factory and office.
- Effective material for all kinds of insulation.
- Provides a barrier against insect infestations without the use of harmful chemicals.
- Bacteria and fungi resistant, Non-toxic and Non carcinogenic.
- It can be installed in new or old factory without any kind of interruption of production.
- Reduces utility costs year-round;
- Class 1 Fire Rated
- Water proof
- 100% Vapor / Radon Retarder
- Conforms to UK (BS 476 Part 6 & 7), longevity, very durable, easy installation and light weight.

Proven to be better than any other item available for insulation against radiant heat and is an excellent insulation materials.

8622100, 9661173, 9661208, 9660392, 0191-229081 Fax: 880-2-8610038

Victoria University, Melbourne, Australia (Dhaka Study Centre), Baitul Iqra, House # 55, Road # 4/A, Dhanmondi, Dhaka-1209

Admission Test | July 01, 2006

As part of its continued commitment towards higher education, Victoria University (Melbourne), Australia (a public sector university with over 50,000 students) has agreed to subsidize the tuition fees of its MBA program in Bangladesh taking into consideration the depreciation of Taka against the Australian Dollar.

The new fees will be effective from July 2006. Existing students are also entitled to the subsidy for their remaining courses.
