from his clothes to his divorce settlements - Lucy Kelson is calling it quits

creating the successful restaurant -- from conception to design to menu--from the world-renowned restaurateur/designer. For many people the idea of opening a restaurant is the stuff of dreams. Terence Conran has been making that dream a reality for over forty years, remaining at the cutting edge

of those influencing culinary tastes here and abroad. The mastermind behind hotspots like London's Quaglino's and Mezzo, Paris's Alcazar, and now the anxiously awaited Guastavino's in Manhattan, his first American restaurant venture, Conran has transformed the experience of fine dining for his thousands of patrons. With his new book, Conran helps readers follow their own dreams, drawing on his rich experience as a restaurateur to reveal the secrets behind his successes

Four people dressed in painters' outfits march into the busy lobby of Manhattan Trust, a cornerstone Wall Street Branch of a worldwide financial institution. Within seconds, the

costumed robbers place the bank under a surgically planned siege, and the 50 patrons and staff become unwitting pawns in an airtight heist. NYPD hostage negotiators Detectives Keith Frazier and Bill Mitchell are dispatched to the scene with orders to establish contact with the heist's ringleader, Dalton Russell, and ensure safe release of the hostages. But Russell proves an unexpectedly canny opponent--clever, calm and totally in command--a puppet master with a meticulous plan to disorient and confuse not only the hostages but also the authorities. The robbers appear to consistently be one step ahead of the police outwitting Frazier and Mitchell at every turn Frazier's suspicions that more is at work than anyone perceives are justified with the entry of Madeline White, a power player with shadowy objectives, who requests a private meeting with

Hali serves the needs and stimulates the imaginations of connoisseurs, collectors, scholars and dealers worldwide. Since 1978, Hali has been essential reading for all those involved in the textile arts, providing a forum for debate that extends beyond its specialist field to take in related areas of the applied and decorative arts. The Second Hali Annual, focusing on Asian Art, draws together and explores key themes across a range of media in an accessible and strongly visual style. Varied, lively and original, this fascinating collection of studies combines serious research by respected authorities in each field with high quality colour images. confidence

increasing numbers of affordable bonsai available in supermarkets and garden centers. If carefully pruned and maintained, these miniaturized trees make an impressive focal point for any garden or room. Bonsai: A Care Manual is tailored to meet the needs of the first-time owner and more experienced collector by explaining in detail all the techniques needed to keep a bonsai alive and in good shape. Clear, authoritative text and superb step-by-step illustrations and photographs will help even the most nervous newcomer to grow bonsai with sphere.
