Grameen Bank O Amar Jibon Muhammad Yunus, Price: Tk 325.00 He believes no one is born to live the life in poverty; man is actually made poor. He also believes every person has infinite potential and creativity which can bring him/her out of that unbearable situation. It only needs to discover those qualities. With this belief on mind, Prof Muhammad Yunus initiated an experiment with the poor and his experiment has now become a model for poverty eradication not only in Bangladesh but also in many other countries of the world. Once-unknown village called Jobra—where Prof Yunus started his microcredit activities—has now become a familiar name worldwide. This book, translated from the French original Vers Un Monde Sans Pauverete, reveals the minute details of Prof Yunus' belief, his pioneering vision of eradicating poverty, and his dream to create a better world—a developed Bangladesh where poverty would one day become an exhibit of the museums.
