Kazi Hasan Habib's 'Unveiling the Truth' opens at Dwip Gallery today

ARTS & ENTERTAINMENT DESK

The solo art exhibition, *Unveiling the Truth*, by deceased artist Kazi Hasan Habib, begins at Dwip Gallery, Lalmatia, today. Mustafa Zaman, renowned artist, critic and editor of *a+*, has curated the show. Eminent architect and critic

Shamsul Wares and renowned artist-curator Wakilur Rahman will jointly inaugurate the exhibition.

Habib, who passed away in 1988, was always truthful in his artistic language. He did something akin to a breakdown of the monolith of modernism, where meaning remains too close to the motifs.

As an artist, he placed the motifs in the context of the 'theatre of nature and life', rather than investing in the anatomical architecture of humans, animals and trees.

Habib's drawings, paintings and etchings suggest that he was not a motif-driven artist. He was a 'performative' character, often manifesting the quest for

truth in his sincere creations, combining nature, humans, emotive forces and senses. These poetic and panoramic elements of his works are evident in the exhibition.

Unveiling The Truth will be open from 3 pm to 9 pm daily except Mondays, till January 19.

You have been away from the film industry for a while. Is there a particular reason behind this decision? Honestly, I took a break from films, but I feel that I never really went away. I am preparing to face the camera once again. I am trying to be fitter, so, I have been going to the gym regularly. I hope that my hard work pays off, and I can make a striking comeback.

Shoshurbari Zindabad 2, which features you and Bappy was supposed to release during Durga Puja, but the release was postponed. Are there any updates on that project? As far as I know, *Shoshurbari Zindabad 2*, directed by Debasish Biswas, will be released sometime this year.

Tell us a little about your upcoming projects in Kolkata. I have teamed up with director Shubir Bhandol for the film *Shortcut*, written by Nachiketa. We have finished shooting for the film.

You have also made your mark in the field of dance. What do you enjoy the most about dancing? Dance is my passion, and I absolutely love performing in front of the audience.

What are your career plans for the New Year? Apart from working on my fitness, I want to take up some exciting projects this year.
