Directorate of drug admin lab gets WHO accreditation

STAFF CORRESPONDENT

The National Control Laboratory (NCL) of the Directorate General of Drug Administration (DGDA) has received the accreditation of the World Health Organization (WHO), said a press release yesterday.

This world-class accreditation, as the 51st laboratory in the world, will increase the reliance and acceptance of DGDA and pharmaceutical products worldwide.

It will enable the country to maintain better quality assurance system for safe and efficacious products, access donor funded procurement markets for Bangladesh pharmaceuticals, and build confidence among many developed countries to import medicines from Bangladesh.

In Bangladesh, DGDA plays a vital role in the healthcare system by providing regulatory oversight of all medical products, including medicines, vaccines, blood products, traditional or herbal medicines and medical devices, said the press release.

The NCL of DGDA is the laboratory that ensures quality, safety and efficacy of medical devices.

executive committee member, was also dropped.

Reza Kibria joined Gonoforum before the last parliamentary election. At the time of his joining, Mostafa Mohsin Montu was general secretary of the party.

In April last year at the party's special council, Reza was made general secretary and Montu central executive committee member. However, Montu did not get any post in the new central executive committee.

Former Awami League leader Abu Sayeed joined the party before the last parliamentary polls and was made executive president of the party at the special council.

"The party is held hostage by some wicked people. Dr Kamal Hossain was misguided," Subrata told The Daily Star. He also said they have already called an extended meeting of the party on Saturday at the Gonoforum central office, to assess the current situation and devise the next course of action.

Contacted, Montu said the party is "infected with virus" and Dr Kamal Hossain is losing his credibility.

"Suddenly the central committee was dissolved and the advisory committee was announced without consulting with the central committee. It is unprecedented in the 26-year history of the party," Montu said.
