

**HER**

*Every evening,  
She sits by the bedside mirror.  
Painting on a plush pink hue  
On her soft peachy lips.*

*As she layers on the powder  
Her image reflects;  
One of perfection  
With contoured cheeks  
And a highlighted forehead.*

*She puts on her favourite pendant,  
Hiding all her worries,  
Beneath that yellow cape.*

*She paints on a stunning disguise.  
One of beauty  
Glamour and an escapade.*
