Dwellings, agri lands disappearing as Teesta turns furious

The victims at Char Gokunda in Sadar upazila blame earlier sand lifting for the menace

OUR CORRESPONDENT, Lalmonirhat

The Teesta has continued devouring homesteads, arable lands and orchards at Char Gokunda, a river basin village in Lalmonirhat Sadar upazila during the last one week.

Over half a hundred dwellings and 300 bighas of land of the village have gone into the riverbed, said Anis Ali of the village.

After losing the dwelling house and arable lands to the Teesta, 58-year-old Ambia Khatun with her family has taken shelter on the premises of another household in the area.

"We had everything two days ago. Now we are landless," she said, wiping tears.

Nayeb Ali, 55, a farmer of the village, said many people in the village are shifting their houses as the Teesta continued erosion.

The people are also cutting down their trees and selling those for low prices.

They are taking shelter in other people's land or on the government roads and living under the open sky, he said.

"Those who had their own homestead, cultivable land and orchards have become landless and

destitute. They have to live half-fed. Some of the victims of the river erosion have been sheltered in our land for the time being," said Shahin Mandal of the village.

Several locals alleged that the river erosion has become serious at Char Gokunda due to illegal sand extraction from the Teesta with dredgers during the dry season.

Abdul Quader, sub-divisional engineer of Lalmonirhat Water Development Board, said, "We have visited Char Gokunda village and informed the higher authorities for taking step to check the erosion immediately."

CULVERT CONSTRUCTION WORK

Allegation of bribery against PIO

OUR CORRESPONDENT, Patuakhali

Galachipa upazila project implementation officer (PIO) has allegedly demanded Tk 4 lakh as bribe from a contractor when the latter applied for a final bill after completion of the construction work of a culvert in Dakua union.

Contractor Saiful Islam, also a 6th semester student at East West University in Dhaka, has recently brought the allegation of bribery against PIO SM Delwar Hossain. Saiful has already informed the authorities concerned about the matter.

On June 21, the contractor filed a written complaint against the PIO with the Patuakhali deputy commissioner, Anti-Corruption Commission and the higher authorities of Department of Disaster Management and Relief in this regard.

According to the complaint, in the financial year 2018-2019, Saiful got the work order of Tk 30.79 lakh for construction of a 36-feet-long culvert on the road adjacent to Kalikapur Madrasa in Dakua union of the upazila under the Ministry of Disaster Management and Relief.

On September 8 in 2019, the PIO issued the work order to the contractor and set a deadline of February this year to complete the construction work of the culvert. After completion of the construction work, the contractor on June 8 applied for the final bill to the upazila nirbahi officer (UNO). On the same day, PIO Delwar Hossain phoned Saiful's father Abdus Salam and demanded Tk 4 lakh as bribe. PIO Delwar is yet to send the final bill to the Department of Disaster Management and Relief in Dhaka for approval as the contractor did not pay the amount demanded by Delwar.

On condition of anonymity, another contractor said he got a similar work order for

construction of a culvert in the upazila and the construction work was completed on time. The PIO also demanded Tk 4 lakh as bribe from him when he asked for the final bill. His bill is yet to be sent to Dhaka as he did not pay the bribe money.

PIO Delwar Hossain said the allegation of demanding bribe brought against him is not true. Contractor Saiful's bill will be sent to Dhaka for approval next month.

Contacted, UNO Shah Mohammad Rafiqul Islam said "14 such culverts have been constructed in different areas of the upazila and due to lack of funds, we sent nine final bills to Dhaka for approval last week. The remaining bills will be sent to Dhaka in the middle of next month."

"I don't know anything about the PIO demanding bribe, but if I receive a written complaint in this regard, I will look into the matter," said the UNO.

Kuakata to reopen for tourists

OUR CORRESPONDENT, Patuakhali

Tourism-related set-ups including hotels and motels in Kuakata will reopen for visitors tomorrow, after a closure imposed by the administration three and a half months ago due to the outbreak of Covid-19.

As preparation for starting the activities with safety measures, Bangladesh Tourism Board in collaboration with Kuakata Hotel-Motel Owners Association arranged trainings on June 5, 6 and 9 for security personnel, staff of hotels and motels, owners and employees of eateries, drivers, hired motorcyclists and others concerned.

The programme included instructions and hands-on training to make tourism safe, said Moteleb Sharif, secretary of Kuakata Hotel-Motel Owners Association. Around 120 hotels and motels in Kuakata have been prepared in compliance with health rules, including arrangement of infra-red thermal scanners, masks, gloves and sanitisers.

"At the entrance, hotel staff will apply disinfectant on the guests' body, goods and vehicles. There will be arrangement for washing hands, face and feet. Cleanliness and maintenance of social distance at hotels, vehicles and beach areas will be of utmost priority," said Moteleb Sharif.

Kalapara Officer Nirbahi Officer Abu Hasnat Mohammad Shahidul Haque said, "All concerned have been asked to comply with the Covid-19 rules. In case of deviation, legal action will be taken."
