CORONAVIRUS Tangail small traders pass hard days as sales drop

MIRZA SHAKIL, Tangail

Abdus Sattar, a small trader selling wooden chairs and tables beside a road in Tangail town, is struggling for survival for the last four months as the number of buyers sees a drastic fall due to the ongoing Covid-19 situation

The 55-year old man from Pathrail village in Delduar upazila has already borrowed Tk 30,000 from others to feed his family.

"Normally I earned Tk 500 to Tk 700 from selling seven to ten chairs and tables in a day. Now I can hardly sell one or two as my usual customers, mostly students and low-income people living at hostels and messes, left for their villages due to closure of educational institutions and workplaces a couple of months ago.

"How can I survive in such a situation?" he said.

Four others who sell furniture at the same place are in the same boat.

Abdul Koddus of Mirer Betka area runs a video business at Victoria Road in the town.

"People hired me for making video clips of various programmes including wedding parties. But I did not get a single order in the last three months as social programmes and parties are virtually stopped due to the coronavirus," he said.

"I could not pay rent, electricity and gas bills of my shop during the time. Now I am feeding my four-member family by borrowing money from friends and relatives. I am seeking a job but to no result," he added.

Mintu Khan, owner of a decorator shop in Dhaka Road area of the town, is passing a hard time as he is not getting any order for the last couple of months.

"My employees have already left the job as I could not pay them in the last three months. I have also loans from NGOs.

The coronavirus has ruined my business," said the 60-year-old man, already sick amid tension about the situation.

Mohammad Ali, a fruits vendor in Bus Terminal area of the town, returned to his village after local administration declared lockdown in the district town on March 25 to prevent coronavirus infection.

"I maintained my family in the last four months with my little savings and the small payments that I got by working as a harvesting labourer at Boro paddy fields of my village. I want to return to the town for restarting my business but I don't have any capital for it," he added.

Mizanur Rahman Khan Mithu, owner of a steel-made furniture shop at Zila Sadar Road in the town, said sales saw an abnormal drop during the last few months due to the highly infectious disease.

"I am worried about maintenance of my big family as sale has not come to a normal despite easing of the lockdown. Mainly the middle-class people are buyers of my item but they are short of money now," he added.

Like them, hundreds of small traders are living in grave uncertainty over their livelihood due to the pandemic.

Tired of waiting for buyers, Abdus Sattar sleeps on tables at his makeshift furniture shop in Poura Udyan area of Tangail town.

Most corona patients recover from home

MINTU DESHWARA, Moulvibazar

Most coronavirus patients in the district have successfully recovered from the disease after basic treatment at home.

Moulvibazar Civil Surgeon Dr Touhid Ahmed said as of Friday, 522 people in the district have been infected with Covid-19. Of the coronavirus patients, 243 have recovered after basic treatment at home and 231 are being treated in home isolation under the supervision of doctors. Meanwhile, of the total number of patients, only 21 have recovered after treatment at different hospitals while 22 are receiving treatment at the hospitals. Five coronavirus patients have died here till the date.

AKM Jaber, 35, a health care provider of Ghagtia community clinic in Kulaura upazila, who has recently recovered from the disease, said he was treated in home isolation under the supervision of the upazila health and family planning officer. After being diagnosed with the virus, he took a drink of ginger tea and warm water at least five times a day every day. He also

took medicine and fruits regularly.

Another Covid-19 patient Sadek Hossain, 30, a banker from Laghati village in Baralekha upazila, who also recovered from the disease, said he tested positive for coronavirus on May 23. He was treated in home isolation for 28 days.

"I took basic treatment at home following the doctor's advice. I did not need to take any medicine. Every day I took a lot of Vitamin C-rich fruits besides drinking tea and warm water during the time. Finally I've recovered from the disease after the primary treatment," said the banker.

According to the Kamalganj and Rajnagan upazila health complexes, a man of Rajnagar upazila died from coronavirus-like symptoms on April 4. He was the first man who died from coronavirus-like symptoms in the district. A few days after the incident, another tea worker with coronavirus-like symptoms died in Kamalganj upazila. Later, samples of the deceased were collected to be tested for coronavirus infection and they were found positive.

Since then, a number of people from different

professions like doctors, health workers and police have tested positive for coronavirus, said the civil surgeon.

In some cases, the health workers visit home and observe the patient's condition, said Dr Nurul Haque, Kulaura upazila health and family planning officer.

He further said 98 people in Kulaura upazila have been diagnosed with the virus as of Wednesday. Of them, 60 Covid-19 patients have recovered after basic treatment at home while the rest are being treated in home isolation.

They are giving treatment to those Covid-19 patients over phone, said Dr Nurul Haque.

Civil Surgeon Dr Touhid Ahmed said a committee has been formed in each upazila of the district to fight coronavirus. The Covid-19 patients are being treated under the supervision of the committee.

Most Covid-19 patients in Moulvibazar have successfully recovered from the disease after primary treatment at home, said the civil surgeon

Man, son found murdered

OUR CORRESPONDENT, Barishal

wildste as log/sasafit

Police recovered bodies of a man and his son from Bakerganj upazila vesterdav and on Friday night.

The deceased, Yeasin Howlader, 21, and his father Helal Uddin, of Koladoania village in Pirojpur's Nazirpur upazila, used to sell fish traps (locally called chai).

Officer in Charge (OC) of Bakerganj Police Station Abul Kalam said they first recovered Yeasin's throatslit body from a jungle near Pandob river at Laxmipasha village on Friday evening.

Nearly 13 hours of the incident villagers spotted Helal's body at a nearby place around 7:00am yesterday, the OC said.

Police primarily suspects that criminals might have killed them and took away their trawler and money.

Six hundred families dependent on daily-basis work in Hemayetpur union of Pabna Sadar upazila received for items along with plants of various fruit trees and herbs yesterday as Pabna district Jubo League distributed the materials with the sponsorship from Square Group. Under the initiative of the conglomerate, 17100 needy families, who became jobless due to the coronavirus pandemic, have so far got such help in Pabna town and nine unions of Sadar upazila.
