#### Gold stocks fall in Australia

SYDNEY, Fcb 9 : Australian gold stocks have fallen to a five-year low, defying historical trends and a surge on the nation's share market since the outbreak of the Gulf War, reports AFP.

Stock market analysts warn gold stocks will keep tumbling because of the sliding world market price of gold, falling domestic production and the new gold mining tax from January 1.

This is despite conventional wisdom that gold prices invariably rise during wartime. Australia is the biggest gold

producer in the west behind South Africa and the United States, gold is expected to be the nation's third largest export commodity this year.

Adviser-in-charge of the Ministries of Industries, Jute and Textiles AKM Musa on Saturday reviewed the operational activities of Bangladesh Chemical Industries Corpora-

tion (BCIC) with the officials, heads of enterprises, projects and senior management personnel of the corporation.

Addressing the BCIC officials at the half-yearly conference of the corporation at its seminar hall, the Adviser observed that the fertilizer factories under BCIC could play a significant role as a foreign exchange earner and thus replace the jute industry as the major exporting sector.

The conference was presided over by Mr. Nefaur Rahman, Chairman of the Corporation BCIC Director (Finance) Mr. Mohammad Uttam Ali Mia offered the vote of thanks.

In his address as the chief guest, A K M Musa said, BCIC is one of the most important public sector corporations and has been contributing much to the national economy. "It will

continue to play its leading role in the future", he noted. He lauded the expertise and knowledge acquired over the

years by the BCIC personnel in running fertilizer, paper and allied industries. He urged the corporation officials to step up efforts to help attain the production and other targets set for 1990-91.
