City Corporation burdened with Tk 13.90 cr loan

CHITTAGONG, May 21 : Chittagong City Corporation (CCC) has on its shoulder a loan of Taka thirteen crore ninety lakh nineteen thousand seven hundred twelve (Taka 13,90,19,712) with 852 unauthorised appointees of its pay roll, reports BSS.

The corporation's arrear tax stood at Taka 14,98,34,031.71 by the end of the financial 1989-90 and its annual total salary figure has jumped to Taka 7 crore 20 lakh the same year from Taka 2 crore 12 lakh in 1982-83.

This was revealed in a white paper of the CCC, presented by the city's new Mayor Mir Nasiruddin here on Monday. Mir Nasiruddin took over as second Mayor of CCC just a week ago and he promised to bring out a white paper on the present position and activities of the corporation.

The 12-page white paper touched upon almost all aspects of the City Corporation including its administrative structure, health and sanitation, development activities and the latest relief work in the cyclone and tidal bore affected areas.

The CCC now comprise 90 square miles area divided into 41 wards. Its population is

three million. One Mayor, two Deputy Mayors, 41 elected Ward Commissioners, seven nominated lady commissioners are in the administrative body of the corporation.

The city corporation will have to pay Taka 3,99,40,812 to the contractors, Taka 1,87,08,155 to its self financing scheme fund, Taka 60,00,000 to environment development fund, Taka 3,29,000 to truck sellers, Taka 30,00,000 to employees provident fund and Taka 7,20,41,745 to different construction firms.

CCC's fund was kept in 16 banks involving extra expenses for deposits and withdrawals and there was no obvious reasons for maintaining so many accounts.

There were 852 employments in the CCC from 1988 to November, 1990 and those appointment were given in violation of relevant government orders. These appointments involved huge expenditure from the CCC fund.

The white paper also revealed that there were nepotism favouritism and other malpractice in allotment of shops and residential plots of the CCC.

The CCC spending its cleanliness drive including anti-mosquito campaign rose to Taka 2,69,44,808 in 1988-89 which was claimed to be the highest ever in this sector.

The CCC spent Taka five crore 11 lakh and 92 thousand for development of city environment from the financial year 1988-89 to 1990-91 (upto April '91). The achievement in this sector was yet to be known, the white paper mentioned.

Re-excavation of Chaktai Canal was included in the environment development scheme but the canal was yet to be fully re-excavated though Taka 66.65 lakh expenditure was shown against this in 1988-89.

Financial irregularities were also detected in setting up sodium light, self-financing schemes, expenditure in education department, auction of hats and bazars. It was alleged that in one case of auction of Pahartali cow market CCC was deprived of Taka 32 lakh because of commission of irregularities by the man in power two to three years back.

Financial irregularities were also detected in realisation of corporation taxes resulting in huge arrears in this sector.
