#### White paper on public sector demanded

Star Economic Report

Syed Manzur Elahi, President of Metropolitan Chamber of Commerce and Industry (MCCI), in a statement on Thursday, made an appeal to the government to release a white paper on the public sector enter prises. The eci nomic rationale and "social justice" to stake public resources for covering up inefficiencies and wage increases in the public sector organisations, must be made clear to the people, he observed.

The BCCI chief mentioned the recent statement of the World Bank Vice-President about the aggregate annual loss of Taka 2000 crore by the public sector enterprises.

He said the government should salvage the nation from such an alarming situation. Taka 5459 crore have been invested in the public sector corporations in the last two years inspite of their loss of Taka 988 crore in the same period, he added.

The MCCI President said huge money was also spent in the power sector although it is incurring a system loss of over 40 per cent. Power Development Board (PDB) was deprived of a minimum revenue of Taka 868 crore due to this loss in the last two years. Moreover, the railways and post office department also lost Taka 340 crores due to in fliciency during the same

Yet, he said, all these organisations spent huge amounts as new wage concessions. The government statistics show that the public sector wage increased by more than 65 per cent since 1986, average wage-cost being Taka 37,000 per employee in 1990-91, he added.

## Nepalese rice output falls

KATHMANDU, Aug 15: Rice production in Nepal is likely to decline this year due to a shortage of rainfall, an Agriculture Ministry official said Wednesday, reports AFP.

Bishnu Prasad Sharma Joint Secretary at the Ministry of Agriculture, said production of Nepal's primary export would fall no more than 10 per cent, while local farmers said the drop in yield could be far

in defending the 10 per cent figure, Sharma admitted that the ministry had yet to receive reports on the situation in some parts of the coun-

Dhaka Stock Exchange (DSE) authority on Thursday handed over a memorandum to Industries Minister Shamsul Islam Khan, demanding disinvestment of government shares in different industrial The Minister visited the

exchange and discussed the role and operation of the exchange with the DSE authorities. The DSE in its memorandum demanded full support for arrangements of adequate working capital, and supply of machinery and raw materials. Presenting the memoran-

dum, DSE Chairman Aminul Islam Khan said the government should divest its equity holding in different multinational companies to the public. This will increase the supply of good shares in the market, activating it further, he added.

The DSE Chairman said the government should disinvest totally its shares of those public sector enterprises which had earlier been divested partially. The valuation of shares for disinvestment of government holdings should be correctly made and a committee should be formed by the concerned ministry to facilitate proper valuation of shares to be disinvested.

banks should provide working

capital only. The companies should raise capital through public floating of shares and for this purpose, there should be a favourable environment for a better per-

forming corporate sector, he added. He observed that mobilisation of small savings and their proper utilisation would make the enterprises efficient because the latter would then be accountable to the shareholders.

He said some profitable organisations in the non-corporate private sector may have to sell their shares at a premium while opting for their conversion into public limited companies. The Controller of Capital Issues (CCI) should carefully fix the rates of such premiums, he added.

He demanded that the "active" members of DSE should be provided credit support by the banks up to Taka one crore at the lowest rate of interest. He proposed that the insurance companies, banks and other financial institutions should allocate a portion of their investment funds for investment in shares. The government and different sector corporations can also invest

their provident fund in shares. He suggested that more investment companies should be

set up in the country. Later, Industries Minister Shamsul Islam Khan said the stock exchange has a strong role in promoting market economy. He said the government and DSE should come side by side for rapid inclustrialisation.

The Minister said, as the government believes in free economy, it would not discourage setting up of industries in the sectors which are already over saturated. He said the government would provide all informations on the capacity of a sector and the number of already operational units in the sector to the financing institu-

The institutions would decide whether they would further provide credit to the sector.

The Minister said some industries could be set up with investments through DSE. He said offers have been received from some parties who are interested to provide machinery on ten years' deferred payment basis. He said the capital for these industries can be raised through the DSE.

#### Indian govt wins acclaim for reforms

NEW DELHI, Aug 15: India's new government won acclaim from big business Wednesday for further easing trade regulations in a sequel to a reform package announced last month, reports AFP.

The announcement Tuesday that the government would ease import and export restrictions on 36 items, allow exporters to hold dollar accounts, liberalise bank credit procedures and phase out more import licences was welcomed as a major boost to

#### 34 units to be allowed to import

NEW DELHI, Aug 15: The Indian government announced Wednesday that 34 industries would be allowed to import foreign technology without receiving clearance from the state, reports AFP.

The decision, announced in an Industry Ministry press statement here, follows moves by the new government of Prime Minister P.V. Narasimha Rao to liberalise India's economy. They announced names of these industries.

#### Japanese banker can be forced to resign

TOKYO, Aug 15: Industrial Bank is Japan President Yo Kurosawa could be forced to resign in the wake of new loan scandal which has rocked financial institutions here, the Asahi Shimbun reported Wednesday, reports AFP.

The bank, the top longterm credit institution in Japan, has come under fire from the Finance Ministry's Banking Bureau for allegedly extending a massive loan to an Osaka restaurant owner, the newspaper reported.

#### British lawyers seek to oversee BCCI

LONDON, Aug 15: British lawyers applied to the High Court on Wednesday for the appointment of a second accountancy firm to oversee the affairs of the scandal-hit Bank of Credit and Commerce International (BCCI).

London law firm Richard Butler, representing depositors with more than 509 million Dollars trapped in the bank, had submitted papers and was now waiting for a date for a hearing.

The Bank of England led a worldwide swoop to close BCCI on July 5 after allegations of massive fraud.

#### Unemployment rate rises in S. Africa

JOHANNESBURG, Aug 15: South Africa's official unemployment rate has rocketed from an estimated 10 per cent in 1983 to 17 per cent in 1991, economic co-ordination minister Dawie D Villiers said Wednesday, reports AFP,

He told the congress of Afrikaans business chamber, the Afrikaanse Handelsinstituut, that probably more than 2.5 million South Africans are tobless.

Official unemployment figures exclude black people living in the country's four nominally independent tribal homelands and are based on the number of people registered as being out of work.

#### NZ farmers unhappy over Saudi wheat

WELLINGTON, Aug 15: New Zealand farmers were Wednesday taking a cautious line over plans to import 25,000 tonnes of heavily-subsidised Saudi Arabian wheat, reports AFP.

The farmers union, Federated Farmers, said the wheat could severely harm the country's grain growers, but they are also worried any row could damage New Zealand's multi-million dollar live sheep trade with Saudi Arabia.

The Farmers' Arable Section Council Chairman Stuart Collie said he was being careful not to criticise the source of the wheat but instead the level at which it had been subsidised. Growers were apparently paid over four times the cost of landing it in New

## Tea prices drop in Ctg Star Economic Report

Prices eased at the weekly tea auction (Sale No 15 ) held in Chittagong Tuesday last, as buyers held low limits and sellers were unwilling to meet the market.

According to a market report by Unity Brokers, withdrawals were high when sellers were unwilling to meet the market prices. Russian purchase was selective and the quantity was below the last few sales which prompted prices to ease sharply.

Iran lent useful support for most well-made CTC teas while Egypt was active for the medium and lower fannings.

Lower export limits led to a decline of all CTC brokens prices below last levels. Prices generally eased at an average of Taka 2 and Taka 3. Prices are now at attractive levels for the entry of new interests, the market report said.

Leaf offerings consisted of 25.641 packages at the sale (No 15) held on August 13. The next weekly sale (No 16) is scheduled to be held on August 20 with a total offering of approximately 25,000 packages of leaf and about 5,000 pack ages of dust teas.

Orthodox: Forty packages of OPs sold at Taka 60 whilst another 40 packages of GBOPs realised Taka 48 and 40 packages of FOFs sold at Taka 46.

CTC: Prices of all brokens generally eased further this week at between Taka 2 and Taka 3. Bolder types eased further. Few selective lines fetched between Taka 52 and Taka 53.60. Fannings were comparatively in better dernand but prices were easier by Taka 1 and Taka 2. Few lines sold between Taka 53 and Taka 55.90.

Dust: 4,477 packages were on offer. Lower demand led to easier rates at between Taka 2 and Taka 3. Withdrawals were

Green Tea: 530 packages were on offer. Primaries realised between Taka 58.25 and Taka 71.10 whilst the secondaries sold between Taka 53, Taka 41 and Taka 41.80.

#### Call money market

Money rates in the Call money market during the week ended August ranged from 10.00 per cent to 12.00 per cent. During the same week interest rates offered by the bank on Certificate of Deposits varied from 10.00 per cent to 14.25 per cent. The bank rate, however, remained unchanged at 9.75 per cent. says a Bangladesh Bank press release Thursday.
