IJO to implement industrial project by May

The International Jute Organization (IJO) will complete the implementation of the industrial project 'improved processing technique for low grade jute and cuttings' at the end of this month, reports BSS.

The project has successfully developed softening enzymes for treating and improving low grade jute and cuttings to produce jute yarn at lower costs without impairing its quality. Successful trials have been carried out in some jute mills of Bangladesh and Nepal.

A two-day workshop will be held at IJO headquarters on May 10-11. The objective of the workshop is to disseminate the research results in the use and application of the softening enzymes developed

under the project and to assess the scope for such application in the jute goods manufacturing countries.

Representatives from jute producing and jute goods manufacturing countries will attend the workshop.

K M Rabbani, Secretary, Ministry of Agriculture, is expected to inaugurate the workshop.

Plea to refrain from terrorist activities

By Staff Correspondent
 Pro Vice-Chancellor of the Dhaka University Prof Wakil Ahmed yesterday expressed deep concern over Friday night's shoot-out on the university campus.

Prof Ahmed in a statement last night called upon all concerned to refrain from terrorist activities for the sake of peaceful atmosphere on the campus.

Meanwhile, the JSD (Inu)-backed Chhatra League (N-S) in a statement denied the organisation's involvement with Friday's incident of firing on the campus.

JUTA condoles death of Prof Akhlakur Rahman

By JU Correspondent
 A condolence meeting was held Saturday in memory of eminent economist Prof Akhlakur Rahman at the Social Science gallery of Jahangirnagar University.

Organised by Jahangirnagar University Teachers Association (JUTA), the condolence meeting was addressed by Vice-Chancellor Prof Kazi Saleh Ahmed, JUTA President Prof Mustahidur Rahman, G S Majbur Rahman, Prof Abdul Bays and Prof Amirul Islam Chowdhury.

The speakers stressed the need for preservation and exploration of the manuscripts of the late economist.

Corrigendum

The Executive Committee of the North South University (NSU) is headed by former President of the Federation of Chambers of Commerce and Industries Iftakharul Alam, not by the former NBR chief as inadvertently printed in The Daily Star on Friday in a story under headline "American-style private university planned".

The NSU has had contacts (not contract as printed) with a number of universities in the USA and Canada, the NSU authorities said.

Create dedicated leaders for uplift: Badruddoza

Deputy Leader of the Jatiya Sangsad Prof AQM Badruddoza Chowdhury Saturday called upon the professionals to take initiative for creating dedicated leaders who would work for national development through their respective professions, reports BSS.

He was speaking as the chief guest at the inaugural session of a day-long workshop on "Leadership Style" organised by Institute of Diploma Engineers (IDE) held at the National Museum auditorium in the city.

Presided over by the President of the central executive committee of IDE, the inaugural session was also addressed by its General Secretary AKMA Hamid.

Prof Badruddoza said the basis of all our activities should be aimed at national development for which creation of peripheral leadership at all levels was needed.

He said involvement of the whole population in nation building activities was necessary through creation of village level leadership for development to achieve socio-economic emancipation of the people.

He said besides the professionals and the administration, the rural poor, the youths and the rural women also should be involved in development activities.

Referring to the leadership weakness prevailing in all the professions, the administration and the business community, Prof Chowdhury said we must come out of that through creation of honest, dedicated, brave and imaginative leadership at all levels. He said a leader should be optimistic, have patience and be respectful to the opinion of others.

He said that the engineers had a major role to play in nation building activities as the major chunk of the budget is spent through them. He asked the participants of the workshop to find out ways how to make the administration and the implementation process of the development works free from corruption.

Prof Chowdhury said the public representatives must be free from corruption beginning from union parishad up to the parliament to expedite socio-economic emancipation.

He also urged the participants to suggest measures how system loss in power supply, which is 42 per cent now and highest in the world, could be brought down to the acceptable level of maximum 20 per cent.

'Criminals to be dealt with according to law'

CHITTAGONG, May 9 : Communications Minister Oil Ahmed has strongly condemned the brutal killing of three persons at Fatikchhari yesterday when a rally of Chhatra League was in session at the local Upazila auditorium, reports BSS.

The minister who arrived here on a day's tour this morning, expressed profound shock and grief at the sad incident.

Oil asked the members of the law enforcing agencies to start all-out efforts to find out the criminals. He said criminals would be dealt with in accordance with law and no act of anarchy and terrorism should go unchallenged.

The minister said criminals and hoodlums, whosoever, would not be spared by the law of the land.

The minister also expressed deep grief at the sad demise of Fatikchhari Thana BNP Chairman Selim Reza and Pinedong union Parishad Chairman Prof Wahidul Hoq in a tragic road accident at Fatikchhari on May 7.

The minister expressed sympathy for the members of bereaved family.
