Anti-drug day today

By Staff Correspondent

The UN-declared international day against drug abuse and illicit trafficking will be observed today in Bangladesh as in other parts of the world

The United Nations General Assembly adopted a resolution December 1987 calling upon the international community to observe June 26 as the day against drug abuse and illicit trafficking.

The resolution expressed determination to strengthen action and cooperation at the national, regional and international levels towards the goal of an international society free from drug abuse.

The day is observed every year in the UN member-states around the globe to draw at tention to the drug abuse phenomenon and its manifold adverse consequences to help take up programmes to prevent its spread and to encourage intensified efforts to combat illicit trafficking.

On this occasion, President Abdur Rahman Biswas in a massage yesterday called to organise social resistance against the drug menace to save the young generation. On the eve of observance of

the international anti-drug day, Prime Minister Khaleda Zia in her message called to check illicit trafficking and the abuse of drugs at any cost.

She said that almost every country was today affected by its pernicious influence. "This self-destructing addiction is leading a large number of youths astray", she said, "The youth force is losing its working capabilities and values".

Expressing her government's determination to save the youth force from this dangerous addiction, the Prime Minister said, "We have taken up different programmes in this regard".

In observance of the day, the United Nations Association of Bangladesh (UNAB) has decided to hold a symposium at the UN Information Centre (UNIC) in the city today
