Patrolling measures poor, piracy rampant around Ctg Port

From Nurul Alam

CHITTAGONG, July 13: Piracy around Chittagong Port poses security threat to foreign ships calling here due to poor patrolling measures, sources

According to officials of Chittagong Port and Customs, piracy is rampant at the outer anchorage and moorings from where the pirates often snatch the costly ropes of the ships and other goods.

The organised gangs of pirates equipped with sophisticated arms reach the ships staying in anchor by high-powered mechanised boats and cut

the ropes with sharp swords, the officials said.

The ropes are taken to their hideouts at coastal villages under Port PS and Anwara PS from where the pirates sail the same to other parties at lucrative prices, the officials added.

"The pirates are very fond of ropes of the ships as the catch is easy that could carn more cash for them from the black markets", the officials

Meanwhile, the menace is tarnishing the image of Chittagong Port.

A security officials concerned said piracy occurs outside the protected areas of the post. He held the police responsible for not raiding the hideouts of pirates at the coastal villages.

However, he admitted that the river patrolling measures taken by Chittagong Port authority were not strong enough due to lack of high powered patrolling boats. If the authority step up patrolling measures by procuring high powered boats, the protection around Chittagong Port will improve, the security official adds.

Sources say, the authority sometimes run the patrolling with the help of some lowspeed country boats that at all can not cope with the piracy. It is also reported that police hardly take any action despite the filing of cases against the snatching of ropes from the

foreign vessels. Chairman of Chittagong Port Akter Kamal told this correspondent that they had recently received two high-powered speed-boats from the Relief Ministry and planned to step up regular patrolling measures soon.

Dhaka will export 75,000 tonnes of jute, goods to Moscow

Bangladesh will export 15,000 metric tons of raw jute and 60,000 tons of jute goods to Russia during the current fiscal year, Jute Minister Bri-The government is having gadier (retd) Hannan Shah told the Jatiya Sangsad Monday, reports BSS.

Replying to a supplementary question from Awami League member Matia Chowdhury, the Jute Minister said an agreement for the export of Jute and jute goods to Russia was signed this week between into textile mills, the Minister said in reply to a question from the two governments.

Brigadier Hannan Shah listed the steps taken by the present government in overcoming the credibility gap created during the nine years of

autocratic regime in respect of export of jute in the international market and hoped Bangladesh would be able to restore its position soon.

The Jute Minister admitted the fact as mentioned by Matia Chowdhury that because of failure of commitment by the government in exporting jute in 1985 some countries had stopped buying jute from Bangladesh.

Replying to another supplementary from Awami League member Jainal Hazari the Jute Minister denied that there was any problem or indiscipline in the jute sector.

Regarding the incident at Adamjee Jute Mills, the minis-

ter said the incident took place outside the mills.

Brigadier '(retd) Hannan Shah said the production in the Adamjee Jute Mills was going on in full swing. Quoting data till yesterday, he said at present the Adamjee Jute Mills was producing 150 tons of jute goods. Within a couple of weeks, the production would reach a record 200 tons of goods, he hoped.

Replying to another questions, the Jute Minister said Bangladesh had started producing geo-textiles in the country and the Adamjee Jute Mills is being used as a "sister organisation" for the production of geo-textiles, he said.

This middle aged man nowa-days earning bread from the profit he makes out of his own nursery. Initially he started it on an experimental basis with small investment. - Star photo

Dhaka to get \$ 74.6m IDA assistance for forestry

WASHINGTON, July 13: Bangladesh will receive 74.6 million US dollar (Taka 291 erore) for two projects as per agreements signed here Friday between the government of Bangladesh and the IDA, reports BSS.

Abul Ahsan, Ambassador of Bangladesh and Jonoph Wood, Vice President of the World Bank signed agreements on behalf of Bangladesh and IDA respectively.

The projects are Forest Resources Management Project and Sixth Technical Assistance Project.

The Forest Resources Management Project will be implemented at a total cost of 58.7 million US dollar within the year 2000. The project will develop the management system of the forest and will enable expansion of the forest resources of the country. It will also protect the country's en-

IDA will provide 49.6 million US dollar while govern-

ment of Bangladesh will provide equivalent (in Taka) of US dollar 9.1 million out of its own resources for the project.

The Sixth Technical Assistance Project will be implemented within the year 1998 at a total cost of 35 million US dollar. The project will strengthen institutional capacities to address the country's development needs. It will allow upgradation of technical and administrative capabilities for optimum use of external

IDA will provide 25 million US dollar while government of Bangladesh will provide five million US dollar and UNDP will provide another five mil lion US dollar for the project.

Wood, in his short address, expressed satisfaction at the recent economic performance of Bangladesh and apprectated its commitment for reform.

Ambassador Abul Ahsan thanked the World Bank and other development partners for continued support to Bangladesh

Toyota to buy auto parts from US

TOKYO, July 13: Toyota Motor Corp confirmed Monday it is planning to buy auto parts from Chrysler Corp, of the United States as part of its ef forts to boost foreign pur chases, reports AP.

Toyota spokesman Junko Yamamoto said the company plans to use a charcoal cannister produced by Acustar Inc and is currently conducting tests on the part. Acustar is a Chrysler division based in Troy, Mich.

She said the part would be used in Toyota Camrys made in the United States and in a similar model produced in Japan. Toyota has not decided yet when it will buy the part or how much the purchase would be worth, Yamamoto said.

She said the purchase, if completed, would be Toyota's first of auto parts from Chrysler. Toyota currently buys one auto part produced by General Motors Corp of the United States

Tk 35 crore project on fisheries development launched in Faridpur

35 erore fisheries development scheme under "Third Fisheries Project" for Greater Faridpur area was launched on July 9 at Chandar Beel site, reports BSS.

According to an official source, Dhaka, Rajshahi and Khulna divisions have been brought under World Bank, UNDP (United Nations Development Programme) and ODA (Overseas Development Assistance) of UK aided 230 crore "Third Fisheries Project" to be implemented in five-year time.

Under Dhaka Division Greater Faridpur area has been selected for the project where Taka 35 crore will be spent for

fisheries development in five year time, the source added. According to the source, the objectives of the project

FARIDPUR, July 13: Taka are, increasing fish production in the project area, developing socio-economic conditions of the fishermen.

> According to the source 120 metric tons of fish fry numbering about two crore worth about Taka two crore would be released at Chandar Beels stretching on six thousand hectares. Releasing of fry which include carp-fry, silvercarp, carpenn and big-head varieties would continue during current calender year period.

Chandar Beel located in Muksudpur thana under Gopalgani district also covers a part of Faridpur district, the source

The size of the fry is 6 to 13 cms and steps are underway to stop catching of fishes less than 9 inches, the source said.

Iran's non-oil export earning up by 16 pc TEHRAN, July 13: Iran's

non-oil export in the first quarter of the Iranian year (March 21 to June 20) earned the country 531 million US dollar, the Customs authorities announced Sunday, reports Xinhua. According to the Customs

authorities, the figure showed an increase of 16 per cent over the same period of last year and in terms of weight it was up by 18 per cent, reaching 559,000 tonnes.

Hand-woven carpets topped the export list, earning the country 188 million dollar, followed by 22,000 tonnes of pistachio whose share was 72 million dollar and 660 tonnes. of raisin valued at 14 million

However, the exports of these three traditional items decreased by six, four and five per cent respectively compared with those in the same period of last year.
