According to REB sources. collection of electric bills are about 98 per cent while 'system loss' is only 14 to 16 per cent. On the other hand, system loss is about 35 to 40 per cent in Power Development Board (PDB).

The sources said that about 400 million US dollar were reccived as loan or donations from the donor agencies of different countries within the time for extension of rural electrification network in the country.

It is learnt that REB has chalked out a master plan for the expansion of rural electrification and power distribution network in the country within the year 2000.

The masterplan will be implemented in five phases which include construction of new electric lines in 1.40 lakh kilometres area, providing new power connections to 43 lakh rural families more and about 3.50 lakh industrial units including 52,000 connections to irrigation pumps.

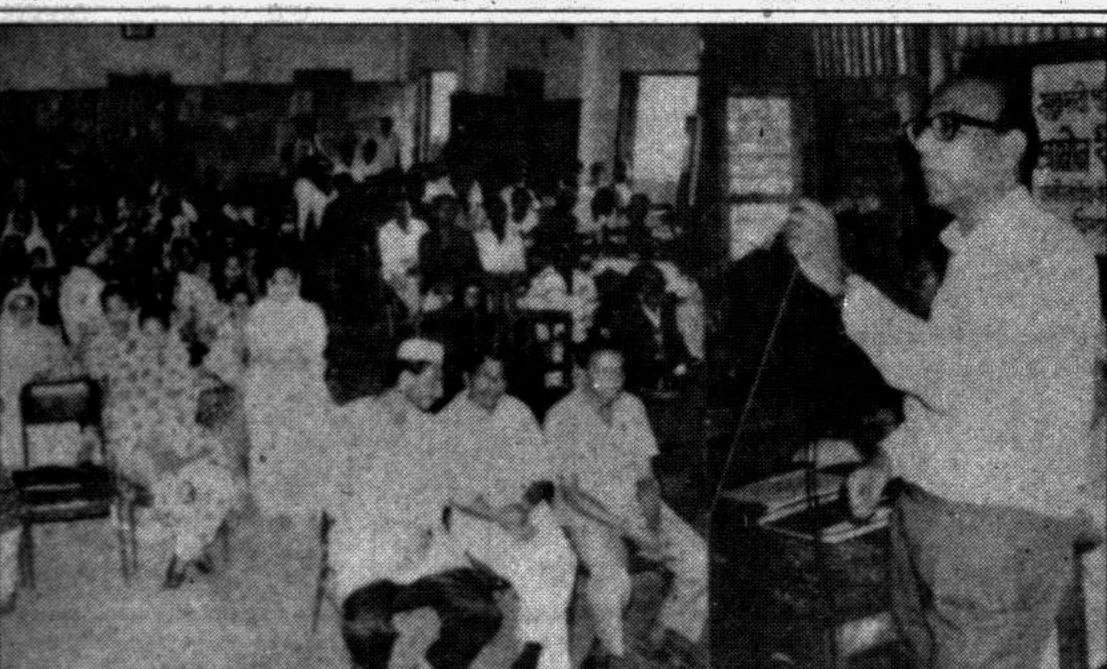

Fund crisis hits

dredging Another report adds: Due to shortage of necessary fund and dredgers, most dredging works are yet to be started in different rivers to make the riverine routes navigable for plying both cargo and passenger vessels.

Dredging works are going on only with eight dredgers

which are inadequate. In the absence of regular dredging the navigation is greatly hampered due to emergence of charlands in different areas of the country.

# Call for adopting action plan to develop coastal belt

A five-day workshop on coastal zone management in Bangladesh" began in Dhaka on Sunday with the call for adopting a well-coordinated plan of action for developing the country's coastal belt and at the same time harnessing its resources, reports BSS.

Organised by the National Commission for UNESCO, the workshop is expected to synthetise the results of all previous studies in the field and recommend a scientific plan of action with emphasis on local participation in decision making and building institutional ability to manage and guide the

development of coastal area. About 70 papers on different aspects of coastal zone management in Bangladesh will be presented at the workshop by authors and experts from France, India, Japan, Pakistan, Sri Lanka, Thailand, USA and host Bangladesh.

Both the national and international experts active in the field will present state of art papers on the topic and exchange their experience.

They will also discuss regional problems and workout ways and means to enhance cooperation in the field.

Inaugurating the workshop. Education Minister Jamiruddin Sircar said management of coastal zone was a priority area. He called for protecting the coastal environment both from natural calamity and human activities and underlined that there was a great need for an integrated coastal zone management strategy.

Chaired by Secretary of the Ministry of Education Shafful Alam, who is also the Secretary General of the National Commission for UNESCO, the inaugural session was also addressed by LM Mandelia, representative of the UNESCO's regional office in New Delhi, Dr Md Shahjahan, Vice Chancellor of Bangladesh University of Engineering and Technology (BUET), Prof Md
