He stated that various institutions and organisations in

the country had conducted reproductive health research, but their data collected were fragmented and did not always represent the national levels. Besides, there was lack of coordination and collaboration between these research bodies themselves and with the policy

makers, he said. Giving emphasis on the researches which are timely and have highest policy relevance the Minister said the researchers should also understand the importance of health economics aspects and evaluate cost-effectiveness of various programmes, programme strategies and models.

Organised by Bangladesh Institute of Research for Promotion of Essential and Reproductive Health and Technologies (BIRPERHT) the workshop was sponsored by World Health Organization (WHO).

Presided over by Health Secretary Syed Ahmed It was also addressed by UNFPA Country Representative SK Alok, WHO Representative in Bangladesh Dr Abeysundere; Additional Health Secretary ABM Siddique, Vice-Chairman, Executive Council of BIRP-ERHT Prof. TA Chowdhury and BIRPERHT Director Dr Halida Hanum Akhter.

The workshop recommended development of individual skills to direct research, use of research outcome for policy formulation and planning and management of action programmes.
