Saifur leaves for Colombo to attend JEC meet today

Finance Minister M Satfur Rahman leaves Dhaka today (Monday) for Colombo as the leader of the Bangladesh delegation to the third meeting of Bangladesh-Shri Lanka Joint Economic Committee scheduled to be held on March 30-31, reports UNB.

Shri-Lankan Minister for Trade and Commerce AR Mansoor will lead the Shri Lankan side.

The JEC meeting is expected to concentrate on cooperation in the fields of trade and commerce, industries, shipping, agriculture, civil aviation, tourism, education, technical and cultural cooperation and exchange of information and visits.

Saifur Rahman is expected to return home on April 2, says an official handout.

Inflation slows in German states

MUNICH (Germany), Mar 28: Inflation in two key German states is slowing and the price increase of imports is virtually zero, the latest official figures showed on Friday, reports AFP.

in Bavaria, retail prices rose by 0.3 of a percentage point in March over the figure in February, representing an increase of 4.3 per cent over the previous 12 months, the regional statistics office reported.

The increase in February was 0.5 per cent, bringing the 12-month to 4.2 per cent.

In Hessen, inflation was 0.3 of a point between mid-February and mid-March, yielding an accumulated 4.9 per cent.

The January to February increase was 0.4 per cent.

Hessen and Bavariaare two of the "big four" western German states from which figures used to draw up the provisional monthly estimate on inflation by the federal statistics office.

The others are north Rhine-west Phalia and Baden-Wuerttemberg, where the 12month figures in March were 4.2 and 4.3 per cent respec-

Meanwhile, the federal statistics office reported that import, prices in western Germany were virtually unchanged in February, rising by only 0.1 percentage point over the figure in January.

Gulf countries trying to tie currencies

KUWAIT, Mar 28: Kuwait's central bank governor said in remarks published on Saturday Gulf countries were working hard to tie their currencies to a common basket of foreign currencies in preparation for eventual monetary union, reports Reuter

"Financial institutions and central banks ... are making big efforts to support the financial and economic coordination necessary to tie their currencies to one basket," Sheikh Salem Abdulaziz al-Sabah said in an interview with Al-Seyassch newspaper.

He was referring to the six member states of the Gulf Cooperation Council (GCC) Saudi Arabia, Qatar, Kuwait, United Arab Emirates, Bahrain and Oman.

Pottery industry on verge of extinction in Dinajpur

DINAJPUR, Mar 28: Traditional pottery industry in 13 thanas of the district is on the verge of extinction due to lack of fund, patronisation and scarcity of raw materials like

clay and dye, reports UNB. According to a statistics about 25,000 families in the district are engaged in the

age-old profession. The potters find it very diffleuit to buy clay or mud van, dye and other raw materials at abnormal big prices. In the absence of bank loan they are to borrow money from the local money lenders at a very high rate of interest.

Though the prices of inputs have shot up the prices of their earthenware products have come down gradually due to modern utensils available in the market.

The pottery industry is also affected due to lack marketing facilities and bad transport system. The potters carry their products on their shoulders for selling in the hats and re-

mote villages. Local potters urged the authorities to take necessary steps immediately to save the age-old pottery industry from ruination.

Fertilizer prices up, paddy farming may be hampered

From Our Correspondent

360 per bale respectively NATORE, Mar 28: The production target of Irri-Boro during 1991-92. Urea which is paddy and other seasonal most extensively used by crops may not be achieved in farmers have increased by Taka 118 per bale. Urea is not North Bengal region including Natore district this year as aralso available in most market tificial crisis has pushed fertilin this region. izer prices up in the region for

A local dealer pointed to artificial crisis as the main cause for this price hike. Only the agents of the region are responsible for this crisis, he added. These three agents operate from Nagarbari, Baghabari and Shirajganj, he

The dealer said that appointing more agents in the region would alleviate the crisis in many respects.

The farmers of the region allege that they find the 50-kg fertilizer bag weigh less by two to three kgs even after paying such high prices.

Local traders of the region said that they had nothing to do with the weight of fertilizer bags. We sell exactly what we get from agents, they empha-

Knowledgeable circles informed that there is adequate

stock of fertilizers in godowns of the agents and dealers of the region. At least 73.50 thousand tons of urea have been supplied to the region so far, they added. They said that the supply is good enough to meet farmers demand till

Abnormal low rate of aman paddy along with such high price of fertilizer has broken the backbones of the small and marginal farmers in this region, say the sources. They are gradually becoming reluctant to cultivate Irri, they add.

According to Bangladesh Agricultural Extension Department, about 2,126,360 metric tons of Irri-Boro crops are expected from 29,000 acres of land in the North Bengal region, this scason.

Meanwhile, pest attack in Irri-Boro paddy field has increased this year. Taking advantage of this opportunity traders have also increased this year. Taking advantage of this opportunity traders have also increased the prices of insecticide and pesticide, a reltable source said.

Jewellery shop owners deprive govt of huge revenue

KISHOREGANJ, Mar 28: Unlicensed jewellery shop owners in the district have been doing brisk business depriving the government of huge amount of revenue, reports UNB.

one and half month, it is ap-

Cattle smuggling along Jessore border affecting local market

From Our Correspondent

JESSORE, Mar 28: Smuggling of indian cattle is rampant along the borders of Jessore and Jhenidah districts for quite sometime, causing serious damage to national economy, it is learnt.

According to sources, hundreds of big-sized cattle, popularly known as ,double-decker' are being smuggled through these routes almost round the clock for onward transportation to various markets. including Dhaka.

Reports received here indicate that the hats of Navaran and Baganchara of Sharsha thana, Purapara of Chowgacha

thana in Jessore; Talshar, Bhotraba and Khalishpur of Moheshpur thana in Jhenidah are the points where the double-deckers are amply available at competitive prices.

Reports also indicate that cattle traders are crowding these hats. Trucks loaded with these cattle are going towards capital.

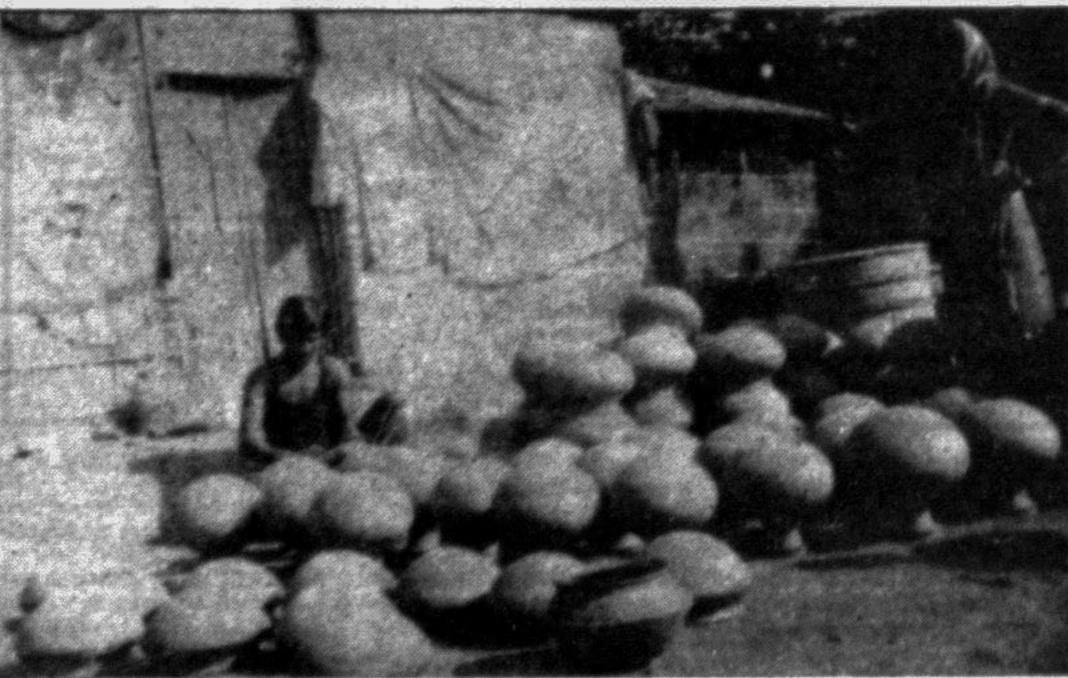

According to a statistical report, during the period from January to mid-March '93, a total of 1,383 cattle allegedly smuggled from India were setzed by BDR and handed over to customs for auction.

Seminar on regional water management concludes

MAULAVIBAZAR, Mar 28: A seminar on "North East Regional Water Management Study Project" was held at the premises of local Water Development Board (WDB) of fice, says an UNB report.

Speakers discussed overall flood control measures of the district and urged the authorities concerned for the construction of flood protection embankment. They also suggested that Monu river which carried 36 lakh tons of sands during monsoon be dredged immediately.

The seminar was organised by the joint auspices of the Ministry of Irrigation, Water Development and Flood Control and Canadian International Development Agency (CIDA)

Potters of our country have been passing hard days as they fail to compete with the silver and plastic products. The potters need patronisation for survival of the industry

82 uplift schemes taken up in Mymensingh

MYMENSINGH, Mar 28: Eightytwo schemes have been taken up under Food-for-Work Programme against an allocation of 4,141 metric tons of wheat in 12 thanas of Mymensingh district in the current dry season, reports

According to an official source, thana-wise number of schemes and allocation of wheat are as follows: 243 metric tons for six schemes in Dhobaura, 378.4 metric tons for eight schemes in Phulpur, 259.6 metric tons for six schemes in Nandail, 237 metric tons for six schemes in Haluaghat, 229.4 metric tons

for six schemes in Iswargani, 236 metric tons for five schemes in Gouripur, 539 metric tons for four schemes in Gafargaon, 371 metric tons for seven schemes in Bhaluka, 358.3 metric tons for eight schemes in Trishal, 478 metric tons for eight schemes in Sadar thana, 405 metric tons for nine schemes in Muktagacha and 406.6 metric tons for nine schemes in Phulbaria.

clude re-construction of roads, re-excavation of canals and ponds and earth work.

Works of the schemes in-

The schemes will be completed by April 30.

Dhaka Stock Prices

At the close of trading on March 28, 1993

Massive surge

Transactions at Dhaka Stock floor met with a massive surge on Sunday. Following dull trading on the opening day, Saturday, figures in both the turnover's table swallowed. As many as 4,899 issues changed hands against Saturday's only 1,330. The jump in percentage was 268.34. The total value of 4,899 issues stood at Taka 358522.00 from Saturday's Taka 65530.00, a surge of 447.11 per cent.

However, participation of stocks were still far too low. Thirtythree traded on the day from 14 on Saturday.

Most prices gained on the day. Almost an absolute domination by the gainers who numbered 25 compared to only three losers. Five traded at previous rates. Among gainers most were from engineering companies like, Bangladesh Lamp, Eastern Cables, Aftab Auto, Howlader Pvc, Quasem Drycells, Aziz Pipe etc. Another lot came from miscellaneous like Chittagong Cement, Bata Shoe, Monno Ceramic, Usmania Glass etc.

The Composite Index also moved forward adding 1.34 points to Saturday's finish of 387.3782.
