#### and Industry, reports UNB. Student killed in road accident

JHENIDAH, June 6: A coilege student was hit and killed by a speeding bus on the Jhenidah- Kushtia road near Arappur bridge in the town this (Sunday) morning. The dead was identified as Benazir (18), a 2nd year student of Jhenidah City College, reports UNB.

# On the question of acting President

# Lively debate marks opening of JS budget session

By Staff Correspondent

A lengthy debate on a constitutional point whether the Speaker of Parliament should have functioned as the acting head of state in the absence of the President dominated the inaugural sitting of the Jatiya Sangsad's budget session vesterday.

The debate, an unscheduled one, began when Shudhangshu Shekhar Halder of the Awami League (AL) drew the attention of the chair, on a point of order, that Article 54 of the Constitution had been violated because the Speaker did not perform the tasks of the head of state while President Abdur

Rahman Biswas was abroad for the last eleven days.

Article 54 of the Constitution reads: If a vacancy occurs in the office of President, or if the President is unable to discharge the functions of his office on account of absence, illness or any other cause, the Speaker shall discharge those functions until a President is elected or until the President resumes the function of his office, as the

President Abdur Rahman Biswas left the country for Saudi Arabia on May 26 to perform hajf and returned home yesterday morning. The

## Opposition refuses to stay beyond

By Staff Correspondent

The first day of the tenth session of the Fifth Parliament witnessed a stalemate over the duration of the session when opposition members refused to take part in the discussion on a bill sought by the treasury

It all started at around 9-15 pm after Irrigation Minister M Majidul Huq placed the Freedom Fighters' Welfare (Amendment) Bill 1993 for consideration. A number of Awami League MPs stood up and pointed to the business advisory committee's decision that the session would continue from 10 am to 9 pm with a break in

the afternoon. Speaker Shatkh Razzak Alt sought opinion from the Deputy Leader of the House about the opposition's claim. Deputy Leader Prof Badruddoza Chowdhury said that the advisory committee had also decided to clear up all the five bills and ordinances in two days and hence if the discussions did not continue it would be impossible for the House to complete their passage within the stipulated period.

Prime Minister and Leader of the House Begum Khaleda Zia was present during the unusual debate but the opposition leader Sheikh Hasina was conspicuous by her absence.

#### The fighting would not deter the UN from pursuing its humanitarian effort in Somalia "to promote peace and reconstruction," he said.

He also said he would urge the Security Council to adopt measures that would protect UN troops, and other personnel in Somalia and punish those responsible.

The Security Council scheduled an emergency session today to deal with the crisis that killed more peacekeepers in one day than any other UN mission has sustained in memory.

The fate of Pakistani soldiers reported missing and possibly taken hostage remained unclear. Some Somali witnesses claimed that some of the men had been captured, tortured and killed, but there was no confirmation.

Pakistani officials said the country's troops had been woefully ill-equipped to defend themselves against their attackers, who kept them pinned down for hours until Italian troops backed by tanks could rescue them. "We can't be on trucks and

on jeeps and be sitting ducks," said Shaharyar Khan, the No 2 official at Pakistan's Foreign Ministry. Shaharyar Khan, said Isla-

mabad would demand punitive action against Somalia's war lords at an urgent meeting of the UN Security Council called by Pakistan for later today. "It is up to the UN to de-

cide, but one step could be to arrest them (the attackers) and to hold a trial," he said. Asked if Pakistan would

consider withdrawing its forces from Somalia, he said: "No. We remain committed to the UN peacekeeping role."

Pakistan late last year was the first country to send peaeckeeping troops to Somalia and has some 4,750 soldiers serving with the 18,000 strong UN force.

# 22 Pak peacekeepers killed in Mogadishu

by Mahfuz Anam

Was the country without a Head of State during President Abdur Rahman Biswas's trip to perform Hajj? The Speaker yesterday did well to permit a discussion on a point-of-order raised by Shudhangshu Shekhar Haldar (AL).

The normal practice in a parliamentary system is to nominate the Speaker, in our case Shaikh Razzak Ali, as the acting President during a President's trip abroad. This was obviously not done in this instance, which has given rise to all sorts of confusion. Mr Haldar's point was well raised.

The explanation of the Law See Page 12 Col 7

#### Govt trying to distort history of June 7: Hasina

Awami League President Sheikh Hasina yesterday called for forging a greater unity of the pro-liberation political parties and groups to foil the "conspiracy" against the country's independence, reports

She alleged that the present government, backed by anti-liberation elements, was trying to distort the history of independence, including the 7th June which inspired the people to free Bangladesh from the clutches of the Pakistani

In a statement marking the historic 7th June of 1966, Hasina said the Bengalee nation gave its mandate in favour of six-point demand by observing spontaneous hartal in erstwhile East Pakistan and stepped up the movement for self-determination.

Manu Miah and many others were killed in police firing during the hartal called by Awami League on June 7,

The Awami League chief described 7th June as a milestone of the movement for country's independence led by Bangabandhu Sheikh Mujibur Rahman.

The opposition leader called for observing the day with due patriotic zeal.

In observance of the day, Awami League will hold a discussion at the party's central office at 4 pm today.

### 4-hr gunbattle in Fatikchhari

From Staff Correspondent CHITTAGONG, June 6: Police today fought a four-hour-long gunbattle with a group of armed people in the Fatikchhari thana area, 30 miles off the city, but no casualty was reported.

The exchange of fire which continued from 8 am to 12 noon today, began when a large contingent of police, on receipt of secret information, raided a hideout of some alleged terrorists in the Edilpur hilly area under Fatikehhari thana.

The armed men, numbering about 50, equipped with sophisticated weapons, fought with the police for four hours before fleeing into the nearby forests.

Police arrested one during the incident which terrified the local inhabitants.

Local sources said the armed

men belonged either to the Islami Chhatra Shibir or the National Democratic Party, but both organisations denied any of their cadres were involved.

#### DCCI chief calls for consistent tariff policy

By Staff Correspondent President of Dhaka Chamber of Commerce and Industry (DCCI). A T M Waziullah, in a pre-budget statement Sunday said the government should remove inconsistent tariff

policy and anomalies in duty

structure. "Inconsistent tariff policy in areas of tariff values and duty rates for output and input goods has already made many domestic market-oriented industries nonviable", the statement said.

"Lower import duty incidence and lower tartif value on finished imported products See Page 12 Col 5

#### WHO expert warns of a Bhopal-like disaster By Staff Correspondent year old obsolete systems ag WHO office and the Department Bangladeshi industries using

in any banking company.

The present method of the use of toxic chemicals in Bangladesh is a potential risk to communities and the environment which may cause a disaster if safety measures are not taken immediately," Prof J M Dave, a New Delhi based WHO consultant, told a workshop at the Sheraton Hotel

He said some 480 industries in the country are using 40 types of toxic chemicals and some of those factories have 20

gravating the threat, he said in the workshop where Forests and Environment Minister Abdullah Al Noman was present as chief

He, however, admitted that his month-long study was based on "available limited information" yet he apprehended a Bhopal like situation

In Bhopal, India, nearly 4,000 people were killed in a Union Carbide chemical plant explosion in 1984. The workshop on the

Management of Toxic Chemicals

and liazardous Wastes was

jointly organised by the Dhaka

of Environment. Prof Dave said that imported

highly toxic chemicals were transported through the densely populated cities and localities without any safety measures. He mentioned that the

February 9 chlorine accident in Bangladesh had killed six people and said such risky transportation would not be allowed in the country from where the chemicals were imported.

The consultant said in Bangladesh some 614 registered units produce varieties of wastes containing 62 dangerous substances of both high-risk and low-risk categories.
