Steps taken to explore natural resources

Energy and Mineral Resources Minister Dr Khandaker Mosharraf Hossain vesterday underlined the need for optimum utilisation of natural resources to ensure the socioeconomic development of the country, reports BSS.

The energy minister was addressing as chief guest the annual conference of Bangladesh Geological Society held at the Girls Guide auditorium. The conference was also addressed by the president of the society and chairman of Petro-Bangla S K M Abdullah and General Secretary Shahidul Hasan.

Dr Mosharraf Hossain said, the government had taken up a comprehensive programme to explore and develop the natural resources of the country. He said, the geologists had a vital role to supplement the government's programme in

ensuring the proper drilling, exploration and development of natural resources.

The energy minister said, the country had a recoverable gas reserve of 10.7 trillion cubic feet in 17 gas fields so far discovered. This was a very poor reserve comparing to other countries. He said Bangladesh had a great potentials in natural resources like gas, oil, coal, hard rock and methane gas.

Dr Mosharraf said, exploration and development of natural resources involved a huge investment which could not be afforded by the government alone. In this context, he underscored the need for active involvement of private investment in exploration and development activities of natural re-
