## Feasibility report of bio-tech products to be prepared

The first meeting of the National Committee on Bio-Technological Products Development was held at the conference room of the Ministry of Science and Technology yesterday, reports BSS.

The meeting was presided over by the State Minister for Science and Technology Professor M A Mannan.

The meeting discussed the matters relating to identification and collection of information on products of various research institutes and preparing a priority list of those products. This committee will also prepare a feasibility report of the products included in the list and submit it to the Prime Minister for review and followed up action.

The committee has been formed recently with the directives of Prime Minister Begum Khaleda Zia to identify relevant bio-technological products which can be considered for large-scale production in the near future.

The committee is also entrusted with the responsibility of suggesting financing proposals for its production.

State Minister for science and technology is the chairman of the committee.

Among others, the meeting was attended by the Science and Technology Secretary Mirza Abdul Jalil and former secretary Abdullah Haroon Pasha who has been recently transferred to the Ministry of Environment and Forest.
