# Draft to amend fisheries act in next JS session

Fisheries and Livestock Minister Abdullah Al Noman yesterday underscored the need for amendment of Fisheries Protection and Conservation Act, 1950 to make it up-to-date, reports BSS.

Inaugurating a one-day seminar in the city on "amendment of fisheries act," the minister said the objective of the amendment was to conserve the fish resource and ensure its sustained exploitation.

He said the draft amendment of the fisheries act was introduced in the Jatiya Sangsad twice in the past and it would be introduced again in the next session.

Noman expressed concern over the drop of fresh water fish production due to over exploitation and change of environment caused by natural and man made activities. He said most of the annual fresh water catch —

nine lakh tons — comes from the open water and the production was reduced by 40,000 tons last year.

Organised by the Directorate of Fisheries the inaugural session of the seminar was addressed by the Fisheries Director A K Ataur Rahman, Secretary of the Ministry A Z M Nasiruddin presided.

Nasiruddin said there was law banning use of 4.5 cm size current net for catching fish.

Since use of current net is banned its import and manufacture should also be banned, he added.

Held at the auditorium of Bangladesh Agricultural Research Council (BARC) the seminar was participated by senior officials of the directorate at the field level, representatives of the fishermen organisations and other agencies concerned.
