Partha's mimodrama The Nightmare premieres in city By Staff Correspondent

Silent shrieks ripped through the gracefully moving limbs, a daughter unmasked her assailant father and long shadows danced on the wall a mimodrama in the capital yesterday attempted to explain the chemistry of love and hate. cruelty and affection.

Dhaka Little Theatre presented the technical show of the first mimodrama of the subcontinent — The Nightmare - written, directed and played by the country's most talented mime artist Partha Pratim Majumder at the full-house auditorium of the national mu

Twenty-five other members from different group theatres and dance troupes, after a month-long workshop, readied The Nightmare, which will be played today (Monday) at the auditorium.

The story of The Nightmare revolves round the lives of a father and a daughter who are caught in archetype conflicting emotions

The father nurtures his daughter with all his tenderness to delete the onslaught that once ravaged her little The daughter grows into la-

dyship one day and a new companion - her lover - arrives on the stage. However, a masked demon kills her lover. In her desperate bid to save the lover, the

daughter herself receives the

stab on her chest and at the

same time unmasks the as-

In her mortal agony, she discovers that the demon was none other than her loving fa-

The Nightmare, called Chauchemar in French, unveils the eternal war of animalism and affection, love and hatred.

Kamal tells workshop

27 pc of female deaths related to pregnancy

Health and Family Welfare Minister Chowdhury Kamal Ibne Yusuf vesterday urged all concerned to do something to improved the over all position of women in society and their health status, reports UNB. "We should do something

before the situation goes out of control", he said referring to the grim situation of women's status depicted by speakers at the inaugural session of a two-day workshop in the city. The minister was presiding

over the inaugural session of the workshop on "Women's Status and Reproductive Health Issues" at a local hotel in the evening.

UNFPA Executive Director Dr Nafis Sadik was the chief guest at the function organised jointly by Bangladesh Women's Health Coalition (BWHC) and United Nations Population Fund (UNFPA).

BWHC President Dr Halida H Akhter also addressed the inaugural session where three papers were presented by Simeen Mahmood, Sajeda Amin and Salma Sobhan.

In his presidential speech, the Health Minister said one of the main health hazards faced by women remains pregnancy

and childbirth. Around 27 per cent, of all female deaths are related to pregnancy - about 30,000 a year.

"Poor nutrition, inadequate health care and a large number of closely spaced pregnancies (starting at very young age) all take their toll, and give Bangladeshi women one of the highest maternal mortality ratios of the world - 572 per 100,000 live births." He, however, observed that

almost all maternal deaths resulted from one of the five preventable causes - hemorrhage, sepsis, toxemia, abortion and obstructed labour. . "In addition to maternal mor

tality, maternal morbidity rates are also very high in Bangladesh. Women suffer from a number of sexually transmitted diseases and reproductive tract infections. Chowdhury Kamal said the

government was directing more resources to health. "Between 1986 and 1993, health expenditure as a proportion of the revenue budget increased from 2.6 per cent to 4.9 per cent." Proportion of the total health

budget going to primary health care rose from 32 per cent to 50 per cent during the period 1986-1993).
