Bangladesh Permanent Representative (PR) to the United Nations Reaz Rahman strongly condemned the Hebron massacre in the occupied Arab territories in the UN Security Council meeting on Wednesday, according to a message received here yesterday, reports BSS.

Rahman said "Bangladesh is party to and fully endorses the statements of OIC and NAM member countries respectively that has urged, inter alia, the immediate convening of the council meeting. We believe that its focus must be directed to two crucial elements — to fix responsibility and to take purposeful remedial measures."

While condemning the heinous incident, he said, "We express our deepest sympathy to the bereaved families of the innocent victims of this senseless tragedy."

He said whether this was an insane act of a lone religious fanatic or done in conspiracy and collusion with his co-settlers or others is not the question at issue. The responsibility for protecting the Palestinian population and for anticipating and preventing such acts lies squarely upon the occupying power under the Fourth Geneva Convention which extends to all occupied Palestinian territories and of which Al-Quds Al-Sharif, holy Jerusalem, is an integral part thereof, he said.

He further said in the volatile situation prevailing in the occupied territories and in the face of repeated outrages that such protection was absent and needed to be supplemented by an international

The Opposition leaders told the treasury bench delegation that they would communicate their decision later.

Opposition Chief Whip Mohammad Nasim, while briefing newsmen after the meeting, said the government proposal was not acceptable to them.

Reiterating their demand for the Information Minister's 'unqualified apology', Nasim, however, said they would meet again this morning to discuss the situation.

Meanwhile, the Opposition leaders have decided not to attend today's meeting of the JS business advisory committee. Speaker Shaikh Razzak Ali, chairman of the committee, convened the meeting to decide the duration of the current session of Parliament.

According to an understanding reached earlier, the session is scheduled to be prolonged on the 7th of this month. Opposition leaders say it is useless to attend the advisory committee meeting especially when they were boycotting the session.

During the parleys yesterday, Works Minister Rafiqul Islam Miah, Labour and Manpower Minister Abdul Mannan Bhuiyan and acting Chief Whip Mahbubul Alam Tara represented the treasury bench. The Opposition was represented by their Deputy Leader Abdus Samad Azad, Tofael Ahmed, Mohammad Nasim and Sajeda Chowdhury of the Awami League, Moudud Ahmed of the Jatiya Party, Sheikh Anser Ali of the Jamaat and Rashed Khan Menon of the Workers' Party.

Mayor-elect Hanif speaks

Asked if he expected to get the cooperation and support of the ruling party for the development activities as an Opposition candidate, Hanif replied, "I definitely hope I will get the necessary support. If the government helps, the city's progress it will also benefit them. It will also allow them to pick some bonus out of our good work. On the other hand if it does not, this will automatically be exposed to the public, who will not take it kindly."

"I will personally seek financial support from the donor agencies if I face problems of funds from the government," he said.

Giving his own evaluation of the election outcome, Hanif felt the corporation elections may not have fully reflected the political sentiments of the people since they were local body elections but said, definitely the results will influence the next elections.

Hanif said he would not increase holding taxes or any corporation fees for the next five years. He, however, said that taxes will be increased. He also assured that if there were any cases of higher tax assessment in the past the taxpayers could expect a downward readjustment.

Responding to a question as to how he hoped to carry out development work without increasing taxes, Hanif said he would cut down all unproductive expenditures.

The mayor-elect felt that the capital city badly required

presence. The horror in Al-Khalil represents yet another major lapse.

Ambassador Rahman said encroachment of militant settlers, indiscriminate arming of these settlers without any check and encouragement of their increased presence was an invitation to inevitable violence. He said remedial measures instituted by the government of Israel following this act appear merely to paper the cracks. The policy of repression against the Palestinians continues unabated as evidenced by subsequent deaths and numerous injured. The issue is tangible protection and the prevention of any recurrence of such atrocities. Any solution must address the real issues and not merely return to the status-quo ante.

Dhaka is expected to propose withdrawal of quota system in garment export and increase in investment in Bangladesh in view of its open market policy.

The visit will also provide the two countries with an opportunity to review the bilateral trade.

Bangladesh mainly exports ready-made garments, jute and jute goods, handicraft, rayon yarn and frozen fish and imports wheat, machinery, industrial commodities and chemicals from Canada.

The lawyer, on behalf of the petitioner, gave the authorities 7 days to meet the demand. Otherwise, a writ petition would be filed in the High Court Division of the Supreme Court on expiry of the deadline.

Besides the Speaker, copies of the notice were served on the Secretary to the Prime Minister's Secretariat, the Secretary to the Law Ministry and the Secretary to the Home Ministry.

The council will also hold a rally at the Central Shaheed Minar on April 5 and bring out a procession.

Chaired by its convenor Dr M A Majed, the council meeting demanded immediate withdrawal of the members of the BSC (Administration) cadre occupying the positions from Assistant Secretary to Secretary in different ministries.

They urged the government to fill those posts by the officials of the cadre services concerned.

The meeting also rejected the committee formed by the government to review the demands of the professionals.

"Reviewing the decisions of the cabinet, which have been approved by the Prime Minister, by a committee of Secretaries is a violation of the normal procedure," said a statement released by the Prokrichi.

The Prime Minister also appreciated the Thai envoy's role in improving the bilateral relations and laid stress on strengthening further the trade, economic and diplomatic ties between the two friendly countries.

The Prime Minister also appreciated the Thai envoy's role in encouraging the Thai investors to invest in Bangladesh and hoped that the flow of Thai private investment into the country would be manifold in the days ahead.

A large number of students who had come to submit their application forms for admission into the first year honours courses also started running for safety along with their guardians.

One of them told The Daily Star that some of the students were even used as 'human shields' by the belligerent students during the gunbattle. A JCD activist was found firing shots from behind a student by resting the barrel of his rifle on his shoulder, he said.

Police, after getting reinforcements, lobbed several teargas shells to disperse the two warring factions.

At one stage, Sergeant Farhad was shot in his chest. He succumbed to his injuries on way to the Dhaka Medical College Hospital (DMCH). His body was later taken to the Rajarbagh Police Lines after autopsy at the DMCH.

After the gunbattle, police raided the Jagannath College and the Kabi Nazrul College campuses at about 1 pm and made arrests.

Farhad, who hailed from Bidpur village of Godagari of Rajshahi district, was residing at the Tejgaon Police Complex. He left behind his wife, who is expecting, and a nine-year-old son.

A large contingent of police was later deployed on the Jagannath College campus.
