At least two persons were killed and nearly 100 injured, several of them seriously, in sporadic clashes during the Secretariat siege programme called by the main opposition Awami League yesterday.

Mustafa Aminur Rasul Paran, an intermediate student of the New Model Degree College and Habibur Rahman Milton, a Class IX student of Rustom Ali High School, Demra, succumbed to bullet injuries after unidentified gunmen opened fire on a militant crowd at Siddique Bazar where it meets Nawabpur Road at around 1:00 pm yesterday.

Both the victims died at the Dhaka Medical College Hospital at around 1:30 pm.

Over a dozen others also received bullet injuries at the spot.

Before the shooting, Awami League activists were exchanging brickbats with Jubo Dal activists who had taken positions at the local Jubo Dal office at Suritola near the Nawabpur Road.

Both the Awami League and the BNP accused each other of being involved in the killings.

The Awami League had announced its plans to lay a siege to the Secretariat in demand of the resignation of the government and early general elections under a caretaker government.

The Jatiya Party also

## From the frontline

A team of Daily Star reporters and photographers covered first hand yesterday's activities from various vantage points in the city.

They were positioned at the Shapla Square, the Dainik Bangla Intersection, the Ramna Park Star Gate, Bangabandhu Avenue, Press Club, near the Secretariat itself and the Election Commission. Most of our reporters later moved towards the city centre which eventually became the focus of events.

Here are excerpts from some of the dispatches filed by our correspondents:

Countrywide strikes Apr 10 and 26  
AL announces package  
of programmes

By Staff Correspondent

The Awami League (AL) yesterday evening announced a package of anti-government programmes, including two nationwide general strikes on April 10 and 26, in protest against the deaths of its party activists during yesterday's siege of the secretariat.

The announcement came from the Leader of the Opposition in Parliament and AL chief Sheikh Hasina at a press conference held yesterday evening at her Minto Road residence.

Hasina accused the ruling party activists of the killings and observed that the government headed by Begum Khaleda Zia should immediately quit for the holding of parliamentary polls under a caretaker government.

The AL chief, while addressing the newsmen, said the government had meanwhile proved itself incompetent both in running the affairs of the state and changing the lot of the people.

"The Khaleda Zia government has resorted to repressive measures against the people only to cover up its multi-dimensional failures," Hasina said.

Two students were killed yesterday by unidentified assailants when a group of AL activists, following a police chase, were engaged in a clash with the ruling party-backed Jubo Dal supporters in the older part of the city.

AL presidium member Amir Hossain Amu, who also addressed the newsmen, said

Salam Talukdar's statement  
AL activists, angered  
by failure, kill 2

By Staff Correspondent

BNP Secretary General Abdus Salam Talukdar has accused 'the Awami League-backed terrorists' of killing two youths during yesterday's AL siege programme in the capital.

In a statement last night, Salam Talukdar said 'the unruly AL activists, angered by the failure of the party's programme, created a reign of terror in the city's Kaptanbazar and Siddiqbazar areas by firing shots, exploding bombs and damaging shops. Two persons were shot by the AL's gunmen, he added.

The ruling party leader regretted that innocent people were dying as the AL did not change its political strategy. The AL had once again started what he said, the politics of

killing and confrontation.

"Their aim is to create disturbances throughout the country, foil the process of development and halt the flow of foreign investments into the country by any means," the LGRD and Cooperatives Minister commented.

The minister hoped the AL would give up the 'politics of terrorism and confrontation in favour of democracy.'

In his statement, the BNP Secretary General gave an account of what happened during the AL-called Secretariat siege programme.

Gunmen down plane  
Presidents of Rwanda,  
Burundi killed

NAIROBI (Kenya), Apr 7: Fighting broke out in Rwanda's capital Thursday after the presidents of Rwanda and Burundi were killed when their plane was apparently shot down, reports UNB.

Presidents Juvenal Habyarimana of Rwanda and Cyprien Ntaryamira of Burundi were on their way home from a summit in Tanzania that was aimed at bringing peace to their strife-torn central African nations when their plane crashed Wednesday night near the Kigali airport.

Rwanda's government said the plane "was shot down" while landing "by unidentified elements in circumstances which are still unclear."

Members of Rwanda's presidential guard also kidnapped three cabinet ministers and three UN military observers Thursday, UN spokesman Mactar Gueye said.

The identity of the kidnappers or those who allegedly shot down the plane was not immediately known. Both Rwanda and Burundi have been wracked for decades by fighting between the Hutu and Tutsi ethnic groups, one of Africa's most savage ethnic feuds. Both leaders were Hutus.

Gueye, speaking by telephone from the Rwandan capital Kigali, said there were reports of house-to-house

Draft of coal mining  
accord under study

By Special Correspondent

The draft of an agreement between the government and a foreign company on coal exploration and mining in the northern region is now being scrutinised by both sides.

A high-powered delegation of the US-Australian multinational company BHP Minerals is now in the city and has been having discussion since March 29 about the draft agreement with the officials of the Ministry of Energy and Mineral Resources.

The government has already decided to permit the Broken Hill Property (BHP) to explore for and mine coal in the north except in those places where coal deposits have already been discovered. However, this permission will only be effective after the signing of an agreement between the government and BHP Minerals.

"The draft is almost finalised — we are only scrutinising some details and hope to initial it soon", said an official of the ministry.

After initialing, the draft will be sent to the ministries of Law, Finance, Commerce and the National Board of Revenue (NBR) for vetting. Following the vettings, the agreement will be officially signed in Dhaka.

Sources said the draft

agreement incorporates detailed terms and conditions relating to the licence for exploration, the mining lease and the investments.

On the basis of the agreement, the Bureau of Mineral Development (BMD), the relevant agency of the government, will allocate land to BHP in the greater Rangpur and Dinajpur districts except the Barapukuria, Jamalganj and Pirganj areas where coal deposits have already been detected by the government agencies.
