

## NAP to continue struggle for socialism: Muzaffar

National Awami Party (NAP) President Prof. Muzaffar Ahmed yesterday demanded an election like that of 1991 in which the people would be ensured of using their rights of franchise freely and fairly, re-

ports BSS.

He said that his party would continue its struggle for realisation of people's demands of socialism and secularism.

Addressing a rally of the party at the Bangabandhu Avenue in the city in the afternoon, the NAP president said he would always prefer an election which would be free, fair and impartial and would not mind whether it is held under an interim government or neutral care-taker government.

Prof. Muzaffar also strongly criticised the tendency of certain political parties to use "money and muscle" in the elections. He explained if such tendency is not wiped out, the people of the country, who sacrificed much for reintroduction of democracy, would get nothing out of this electoral exercise.

He also said that the tendencies of capitalising religion and communalism in the elections should also have to be removed for the healthy growth of the society.
