CHUADANGA, Jan 17: The price of rice and atta have abnormally gone up throughout Chuadanga district. The rice is now being sold between Tk 13.00 and 15.00 per kg in the local markets. The coarse quality of rice is now being sold at Taka 13.00 per kg and the fine quality of rice is being sold at Taka 15.00 per kg.

All classes of people especially the day labourers and the low income group of people are suffering much for increasing the price of rice. The fixed income group people . like. clerks and peons of the government and non-government offices and employees of the private shops, mills and factories are also suffering much due to the price hike of

Atta is being sold between Taka 10.50 and 11.00 per kg. It may be noted that the harvesting of transplanted aman paddy of the current season in four thanas of Chuadanga district has been completed a month ago. But the farmers of the district have been disappointed much due to the poor yield of, aman paddy this year.

The farmers of the district expected this year that the production of transplanted aman paddy to be 20 to 25 per cent less owing to various natural calamities. But at the time of harvesting it was found that the production was far below of their expectation.

This year per acre yield of transplanted aman paddy was only 10 to 12 maunds in Chuadanga district, against 20 to 24 maunds in previous

A number of farmers told this correspondent that they never witnessed such poor yield of transplanted aman paddy during the last 10 years.

One Barkat Ali of village Monoharpur under Jibannagar thana of the district told this correspondent that he had cul tivated one acre of land and got only 30 maunds of transplanted aman paddy this year.

Ahanted Ali another farmer of village Karpashdanga of Damurhuda thana of the district told this correspondent that he had cultivated aman on three acres of land but got only 72 maunds of aman paddy this

The farmers said that they could not even get back their production cost this year.

The price of rice in the lo cal markets is sky high now while the farmers got poor production of aman. The T aman producers are of the district are passing hard days. The poor and the common people of the district have been demanding to the government to introduce the fair price shops of rice and atta throughout the district immediately with a view to checking the price hike of both rice and atta thus saving

the poor people of the district. The common and the poor people of the district are also demanding immediate introduction of open marketing sale operation of rice and atta in all hats and bazars of the district.
