## Jordan gets into groove

NEW YORK, Mar 29: Michael Jordan returned to his record-setting ways here Tuesday, scoring 55 points to lead the Bulls to a 113-111 victory over the New York Knicks, reports AFP.

"I think it's starting to come back to me." Grinned Jordan, who had looked a little rusty in his first four games back in the National Basketball Association after a 21-month absence.

In the fifth, he was superb. Though he rested much of the fourth quarter, Jordan turned in some late-game heroics worthy of his most-valuableplayer days.

He set up the game-winning basket in the final seconds. eluding a double-team to pass to bill Wennington under the Basket.

"Don't count on me to shoot it every time," he said. I can pass.

He did shoot, though, connecting on 21 of 37 attempts from the floor and sinking 10 of 11 free throws.

His 55 points was a record against the Knicks at their Madison Square Garden home. It was also the highest tally in the NBA this season, topping the 53 points scored by

Willie Burtonn in December. It was the 34th 50-pointplus game in Jordan's career and came five years to the day after he scored a career high 69 against Cleveland on March 28, 1990.

## Charlton for rematch with England

DUBLIN, Mar 29: Ireland soccer manager Jack Charlton called on Wednesday for the match against England abandoned last month because of crowd violence to be restaged. reports Reuter.

Several people were injured and 40 arrested as fighting flared midway through the first half, spilling on to the pitch and halting play in the worst display of soccer violence seen

But writing in the prograinme for Wednesday's Ireland versus Northern Ireland European Championship qualifier. Charlton said: "I would dearly love the match to be replayed as soon as possible to prove to those 'thugs' that they are never going to win the day. I earnestly hope and trust that the fixture will be re-sched-

Charlton, a member of England's World Cup winning side in 1966, also wrote: "To say I was sickened, saddened and ashamed at the behaviour of a small group of my fellow countrymen ... would not adequately describe my true feelings about what happened."

A statement by the Football Association of Ireland in the programme also supported the restaging of the match.

#### Clinton, Gore speak to Atlanta Games organisers

ATLANTA, Mar 29: Be it college hoops or a jog around the park. President Clinton loves sports. And when the biggest show comes to town next year, the United States First Fan will be there cheer ing, reports AP.

Kicking off a two-day Atlanta visit by speaking to a large crowd of Olympic employees and volunteers, Clinton and Vice-President Al Gore recalled that President Hoover refused to participate in the 1932 Los Angeles Games.

"This is a great endeavour." Clinton said. "I can't imagine that Herbert Hoover refused to open the Olympics. That's probably why he was a onetermer.

"All this time we've been reading in the history books it was because of the Depression, we find out it was the Olympics.'

Clinton, Gore and Several Cabinet members are in Atlanta primarily for a regional economic conference on Wednesday. Clinton also was attending a reception at the governor's mansion later Tuesday.

Clinton, who was introduced to thunderous applause from a group of about 800 people that also included employees of the Paralympic Games, offered encouragement to those putting on the Olympics.

"You have no idea what you are doing for the United States," Clinton said.

Clinton noted the Olympic Force, the contingent of thousands of volunteers who are performing community work as a prelude to assisting visitors to the 1996 Games.

"Nothing like that has ever been done, take my word for it. And it probably would only happen in the United States,' Clinton said. "It reinforces the fact that if you have enough spirit and enough vision and you're willing to cooperate you can get just about anything done you want to do."

Clinton mentioned Jack Falls, the construction worker killed last week in an accident at the Olympic Stadium site. and offered condolences to the man's family. Atlanta Committee for the

Olympic Games president Billy Payne praised Clinton for his avid support. Though the Atlanta Games are being financed primarily through private funding, federal support has included such things as about dirs 35 million in security assistance and a programme to provide a fleet of borrowed Greenidge & Desmond Haynes. | buses.

Bez spent three months on remand last year while investigations into financial irregularities at the club were carried out.

He had accused Taple of match-fixing in 1990 but the French Football Federation could find no hard proof. Bez had preceded Tapie as the strongest man in french football but the accusation proved to be his downfall.

Tapie has also appealed to the Supreme Court of Appeal against being declared a bankrupt and the hearing was fixed for Friday.
