NEW DELHI: "Bandit Queen" Phoolan Devi, who spent 11 years in prison for allegedly gunning down 22 men to avenge her gang rape. has broken up with her husband of nine months, the United News of India (UNI) said Monday, reports AP.

BOMBAY, Apr 10: Morarji Panchhodiji Desai, a former prime minister of India, died here today. He was 99

reports PTI

Desai's political career began way back in 1930, had remained till his last breath an ardent Gandhian, a staunch prohibitionist and a fierce advocate of Hindi as the national language and was known for his puritan views as an orthodex Hindu.

Through his hundred eventful years. Desai was an integral part of Congress in the struggle for independence and at the age of 81, headed the first uon-Congress government

of the country. The last destination of his political career — Prime Ministership of India during the Janata Party regime between 1977 to 1979 - came his way after he lost the bid to become the premier twice. In 1964 after the death of Jawaharlal Nehru, and in 1969, when he was expelled from Congress.

However, the premiership did not last long as Desai had to resign from the post due to internal squabbling, and later retired from active politics. In the prime of his youth.

Morarji Desai came under the influence of Mahatma Gandhi and his ideals. He entered public life with a rare courage of conviction and possessed an abiding faith in the purity of means and ends.

Truth to him was an article of faith and not an expediency. Desai had once defined his credo "I am a rightist in the sense I believe in doing right." Born on February 29, 1896

that every Indian how served the British government was in lact doing harm to the cause of his country as to work for the British honestly was to popularise their administration and repretuate it. Morarji joined the Congress

in 1930 and was elected general secretary of the local unit. It was during this period, that the Civil Disobedience Movement of Mahauma Gandhi was getting tremendous response from people.

Active participation in the freedom struggle saw him in and out of jail several times between 1930 and 1934. He was imprisoned in the 1940s for almost a year in Sabarmati and Yerwada prisons.

In 1946. Desai was elected to the Bombay Legislative Assembly and appointed Home and Revenue Minister, a post he retained till general elections held in independent India in 1952.

He became the Chief Minister of Bombay and continued in that capacity till the end of 1956 when he joined the Union Government as Minister for Commerce and Industry.

On March 22, 1958, Desai assumed finance portfolio following the resignation of T T Krishnamachari. However, in July 1969, he was relieved of his finance portfolio by Indira

Gandhi, which led to his resignation. In 1971. Desai was reelected to the Lok Sabha from Surat constituency, later in 1975 he undertook a fast to
