'Amnesty Int'l still very relevant'

By Staff Correspondent
The recognition and protection of fundamental human rights is crucial to the development of a stable and worthwhile democracy, speakers observed yesterday at a discussion meeting on the 'Relevance of Amnesty International in the Present-day Context.'

Although Bangladesh's record on human rights has considerably improved since the restoration of democracy, it is still far from being flawless. And in this context watchdog bodies, such as Amnesty International (AI), have a vital role to play in promoting and educating people about their fundamental rights, the speakers unanimously agreed at the discussion, organised by the Bangladesh chapter of the AI on the occasion of its 34th founding anniversary.

Following the judgement of the High Court bench, comprising Justice Mohammad Abdul Karim and Justice M.
