

In Khulna, Barisal divs 68pc people still consume non-iodised salt

From Our Correspondent

KUSHTIA, June 20: According to a survey report conducted by a non-government organisation engaged in health sector, 17 per cent people of Khulna and Barisal divisions including greater Kushtia district are carrying symptoms of goitre diseases. The report said that 68 per cent people of 15 districts of these two divisions do not use iodised salt resulting in such disease caused by lack of iodine.

The report adds, 20 per cent children, 19 per cent youths, 16 per cent middle aged and 13 per cent old aged people of these areas carry the symptoms of goitre.

Dependence on food habit largely containing of carbohydrate and at the same time has increased. Intake of vegetables and sea fish have also decreased.

For lack of consciousness, most of the people of the area do not use iodised salt although the matter has been 20 injured in N'ganj clash.

From Our Correspondent

NARAYANGANJ, June 19: At least 20 people were injured, four of them by bullet when two groups of youths clashed at Godhanail under Siddhirganj police station this evening.

Seriously injured Sher Ali, 45, Muktar Hossain, 25, Shah Alam, 22 and Hossain, 20 were admitted to local clinics.

come very important. People also use non-iodised salt because of its low price. Due to influence of malnutrition, health problem has become a matter of concern, the report added.

Health Department of the district when contacted said that 10 per cent people of the country are suffering from this disease.

The sources said that lack of iodine also causes abortion, and physical deformity of babies. Besides, lack of iodine while in pregnancy may cause mental and physical retardation of the children.

On the other hand, government has constituted a law in the year 1989. According to the law, non-iodised salt will not be marketed after 1993. Meanwhile, some companies have marketed packets of iodised salt but sale of common salt has not been stopped yet.

People of villages are still preferring non-iodised salt because of cheaper rates.

It is learnt that there are about one hundred and fifty salt mills in Khulna and Barisal region. Out of these, 114 mills are listed for making iodised salt but only 20 to 25 mills are engaged in making iodised salt.

Conscious people feel that in order to make use of iodised salt by common people sale of non-iodised salt should be stopped and price of iodised salt should be reduced.

50pc houses in 13 unions of Sherpur dist submerged

TNO of the sadar thana said more than 300 homeless people took shelter on the highway and on embankments and schools in last 24 hours during which water level of the Brahmaputra river rose by 38 cm in the Ferry ghat point.
