### Discover 'The X-Files" on Star Plus

Alien abduction. UFOs. shape-shifting genetic muants, poltergeists, the supernatural ... Based on true accounts, the spooky cult hit series. The X-Files, launches on Thursday, August 3rd at 23:00 (BST) on Star Plus, avs a press release.

Winner of the Golden llove Award for Best Drama Series earlier this year. The X-Files follows the lives of two FBI agents as they invesligate the FBI's unexplained. deeply-buried cases known as he "X-Files," often involving paranormal activity.

David Duchovny stars as Special agent Fox Mulder who has a tendency to lean owards supernatural explanations. The FBI assigns him partner, Special Agent Dana Scully (Gillian Anderson), a pragmatic, logical young igent recruited out of medical school. Scully only has disdain for Mulder's incredible theories unless they can be proven scientifically.

However, as the two begin o investigate some truly bizarre cases, they find themselves asking the same question over and over: can their discoveries possibly be true? They can't ask the government for proof - what is in the X-Files, as Mulder and Scully begin to discover, the government doesn't want anyone to know.

Skilfully blending antigovernment paranoia, oldfashioned conspiracy theory, sly humour, and stories drawn from today's headlines. The X-Files has won critical acclaim and a legion of fans who call themselves X-Philes.
