THE X-FILES

Nominated in seven categories including Best Drama Series for this year's Primetime Emmy Awards on September 9th, The X-Files continues on STAR Plus with tonight's episode titled Shadows.

Officials from a mysterious government agency query Mulder (David Duchovny) and Scully (Gillian Anderson) about two recently discovered male cadavers. The victims appear to have died after their throats were crushed from inside their bodies. Mulder believes the death is attributed to psychokinesis — the ability of a psychic force to manipulate matter. The investigations lead them to Philadelphia and find out that a lady called Lauren Kyte is linked with these mystery murders.

Shakti

Is all this expenditure, this dowry, these marriages necessary? Do any of them carry guarantees for happiness? Puneeta Roy explores simple marriages, mass marriages, non ritualistic ceremonies, combined weddings and receptions etc. Pradeep Mittal comes on the show along with a couple who got married in a mass marriage. Also a debate on the institution of marriage per se — is it relevant in today's context. Is it obsolete or does it merely need to be modified for the 20th century?
