Advertisement Bangladesh Atomic Energy Commission "National Training Course on Radiation Protection" The "Nuclear Safety and Radiation Control Act, 1993" passed by the Government of People's Republic of Bangladesh empowered the Bangladesh Atomic Energy Commission (BAEC) to implement the Act. As a part of implementing the Act BAEC has planned to organize a "National Training Course on Radiation Protection" from 25 November-07 December, 1995.

- Objectives of the course: 1. To provide guidance to regulators, consignors, carriers, emergency service personnel and other concerned personnel on the regulations and safe use of ionizing radiation sources. 2. To know the extent of use of ionizing radiation in the country, its present status, problems and future expansion trend. 3. To make the policymakers, administrators and professionals aware of the importance of safe use of ionizing radiation sources and radiation protection. 4. To make the users and professionals informed about the requirements of the Nuclear Safety and Radiation Control Act, 1993 and relevant regulations. 5. To provide knowledge to the workers and the general public on radiation protection and safety of radiation sources. 6. The course will be organized by the BAEC in collaboration with the International Atomic Energy Agency (IAEA).
