

60,000 acres of cultivable land remain submerged

From Our Correspondent

MOULVI BAZAR, Dec 25: Cultivation of Irri-boro paddy is 60 thousand acres of land in haor areas of Ajmeriganj, Baniachong and Nabigonj thanas are still uncertain as water from the Kushiara river is continuing to pour in through breach at Kaierdhala embankment which was washed away during the last flood season.

All of these 60 thousand acres of land are situated in haor areas. Farmers of the areas had been cultivating these lands for Irri-boro paddy year after another. But this year, they could not cultivate as the breach of Kaierdhala is yet to be repaired. Cultivable land even seed-beds in the haor areas of these three thanas under Hobigonj district are still under water of the Kushiara river.

A meeting of local farmers was held recently at the Kaierdhala embankment under Ajmeriganj thana of Hobigonj district. Chairman of Badalpur Union Parishad, Hari Pada Das presided over the meeting which discussed the situation of Kaierdhala. The meeting also prepared a budget of Taka two lakh to repair the breach and later submitted it to the authority concerned.

Patients suffer from disruption of water supply

CHANPUR, Dec 25: Water supply to the district hospital remained snarled for six consecutive days

inflicting untold sufferings on the patients, reports UNB. Officials said the water supply to the hospital was disrupted due to a technical fault in its motor, intensifying sufferings of about 100 patients.

They said all kinds of operations in the hospital remained suspended due to the water crisis.

People of Gaibandha, Rangpur allege Law enforcing agencies doing little to crack down on criminals

From Our Correspondent

GAIBANDHA, Dec 25: Criminals and anti-social elements are growing stronger in the district with the continued deterioration of law and order situation.

While talking to some physicians, politicians and social workers told this correspondent that law enforcing agencies of Gaibandha have totally failed to tackle law and order situation. There is no security of life and properties at present.

The members of law enforcing agencies have shown no such efficiency to arrest the murderers, looters, dacoits and gamblers. Criminals move at large with unauthorised weapons and take undue privilege from officials, businessmen and common people as per their requirement. The alleged criminals are committing crimes one after another including terrorism, toll collection, rape, murder and dacoity.

In remote village areas burglaries and cow-lifting are rampant where modesty of women is being outrageous as and when they are available in lonely places.

It has been quite impossible for school and college going girls to move freely.

A social worker and school teacher Abul Kalam Aazad of village Sadara Pakherpur under Sundeganj thana was shot dead by a gang of armed miscreants at dead of the night on November 26 last. It was a revenge of a gang of cow-lifter as the victim gave punishment to some of the companion of cow-lifter few days before the attack.

Besides highway robbery on Gaibandha-Palashbar and Bogra-Rangpur became common phenomenon despite police patrol. Sometimes highway dacoits looted away loaded truck and vans.

Gambling with naked dance in the name of Jatra and Kabigan are going on unabatedly in different areas of Gaibandha district. Protesting the unsocial activities local people launched demonstration and meetings occasionally to stop such evil practices but the concerned authority did not take initiative to adopt adequate measure in this respect, it was alleged.

Crimes on rise in Rangpur

From Our Correspondent

RANGPUR, Dec 25 The law and order situation in the district has been deteriorating gradually following lack of effective measures by the law

enforcing agencies who are allegedly showing less interest to crack down on the criminals for reasons best known to them.

In both urban and rural areas all types of crimes looting, hijackings, dacoities, kidnappings, extortions, rape, thefts etc are being committed under the nose of the law enforcing authorities.

According to the information, more than three thousand such crimes have been committed across the district during the current year, of them looting, extortions, dacoities and thefts were the highest.

It is most surprising that the police stations hardly keep correct record of the crimes to save their skin and in most cases the police officials try to avoid registration of diary discouraging the villagers to lodge complaints and in many occasions they demand money for a diary while in other occasions, it is alleged, the police officials force the complainants to put fake names of the criminals on the FIR. There are further allegations that in many cases the complainants are being harassed by the police and chased to arrest instead of the criminals.

In the recent days the inter-mahalla armed clashes among the youths increased to a great extent causing a grave concern among the citizens. These have triggered deterioration in the law and order situation since the criminals taking advantages of the panicky situation are committing various kinds of crimes rampantly.
