## CA reviews prevailing water, power crisis

Chief Adviser Muhammad Habibur Rahman yesterday reviewed the production and supply of water and power in Dhaka and elsewhere in the country at separate meetings with the high officials of the ministries concerned, reports UNB.

The marketing of school text books and the state of law and order also came up for consideration during the discussions.

Secretary, Ministry of Local Government Syed Alamgir Faruq Chowdhury informed the Chief Adviser of the ongoing, interim and proposed schemes to meet water deficit in the city presenting a detailed picture of production and distribution of water.

He told the Chief Adviser that 82 crore litres of water were being supplied as against the requirement of 130 crore litres in the city everyday. This 48 crore litres deficit rises during the dry season, the secretary told the Chief Adviser.

The secretary told him that seven deep tubewells had been commissioned from April 1 to increase water supply in the city by 2.5 crore litres a day.

The secretary informed the Chief Adviser of the installation of eight more deep tubewells by the end of this month.

The Chief Adviser held separate discussion with the Adviser in charge of the Ministry of Energy and Mineral Resources Dr Jamilur Reza Chowdhury and Secretary of the Ministry Dr SA Samad on the production and transmission of power supply throughout the country.

He was told that 1600 to 1800 mega watts of power were being supplied at present throughout the country as against its total requirement 1950 mega watts a day.

The Power Secretary told the Chief Adviser that reduction in gas supply by gas fields to the power stations, sharp fall in water level in Kaptai Hydro-electric Project and repair and rehabilitation of power plants are the causes of power shortage.

The Chief Adviser also had separate discussion with Home Secretary Syed Rezaul Hayat on the prevailing law and order of the country and the progress in arms recovery operation.

He was informed that so far 4,000 illegal arms had been recovered and 40,000 people booked for possessing unauthorised arms. Besides, they had other allegations against them.

Referring to some recent untoward incidents, the Chief Adviser directed the law enforcing agencies to take appropriate legal actions against the culprits responsible for such crimes and commissions.

The Chief Adviser directed all concerned to take appropriate measures for holding the June 12 election in a free, fair and impartial manner.

He was apprised of appointments of 1800 magistrates to assist the Election Commission and law enforcing agencies in maintaining law and order and conduct the election peacefully.

Additional Secretary of Education Ministry M Shahidul Alam explained to the Chief Adviser about the crisis of text books supply to students of Class six and nine.

## Tommy Miah sets up fund for Bangladeshi students

By Staff Correspondent

Tommy Miah, who has earned his reputation as a Bangladeshi gourmet in UK, has set up Tommy Miah's Crop Production Bursary to offer cash award each year to a postgraduate student of crop production or tropical seed technology at a British university or school of agriculture.

The bursary can be used for travel and study in Europe or for further research, development or extension work in Bangladesh.

This was announced at a press conference at a local hotel Tuesday.

The British Council will nominate students to be considered by the award committee. KLM Royal Dutch Airlines will provide two return tickets from Edinburgh or London to Amsterdam so that the bursary holder and a tutor may visit the International Agriculture Centre.
