### Upward trend in Ctg tea sale

CHITTAGONG, June 12: The weekly tea sale held here yesterday was marked an improved demand for all grades of teas but with declining prices, market sources said, reports BSS.

Polish buyers were more active but at reduced prices. Pakistan and Afghanistan competed for small broken and a handful of clean fannings. Sudan was also in the market.

Internal buyers including blenders lent a fairly good support as a result of which withdrawal were much less this week.

A bright feature of the sale was the continued good demand for bright liquoring teas which did not decline as much as others.

Bold and large broken declined further by Tk 2 to Tk 2.50 per kg. Medium broken were also a lower market declining up to Tk 2 smaller broken were irregularly easier, but the good liquoring types were about steady. Popular types sold between Tk 50 and 54.50.

All fannings were an easier market selling at a drop of Tk 1.50 to Tk 2 per kg but well made good liquoring types were well supported at a drop of up to Tk 1 per kg popular types were also lower selling between Tk 50 and Tk 54.60.

1939 chests 805 gunny sacks and 20 bags of dust category on offer met with a fairly good demand. Well-made good liquoring red dust and peko dust were a good market and sold generally at firm rates. Dust and Churamoni dust continued to meet with good competition and the better liquoring types were mostly dearer. All others were easier following quality.

Internal buyers along with the packeteers were active. There were 18,831 chests, 320 gunny sacks and 60 bags at teas on offer.
