

# A multi-million dollar hand shake...

We are pleased to announce a multi-million US\$ hand shake with Biman Bangladesh Airlines. ANZ Grindlays is proud to have organized and funded the entire requirements for the recently acquired Airbus A310 for Biman. The brand new A310 is the most profitable aircraft in its class with seating capacity of 220 passengers. This not only shows our enthusiasm and support to the nation but also our desire to provide our clients top of the range service.

Our mission, with our international network worldwide, is to move with the times. The changing needs of our clients in the 21st century is our priority. By financing such a project to Biman we are lending our service to the entire nation and we take pride in such associations. We want to be your partner in progress.
