Anwar Hossain's photo exhibition begins

By Staff Correspondent

Poet Shamsur Rahman inaugurated Anwar Hossain's exhibition of black and white photographs at the Alliance Francaise in the city yesterday.

Speaking on the occasion, Shamsur Rahman said there was a scarcity of talented photographers in our country like Anwar, who capture life with a modern angle.

He said that imagination plays a vital part in Anwar's works, which reflect a good knowledge of our culture, politics and society.

Artist Mustafa Manwar, who was present as the special guest, said Anwar, with his camera captures not only the obvious, but also the atmosphere and sense of values of his subjects. He added that the photographer stresses on not only what is visually apparent, but also what affects the soul and heart of his subjects.

France Lasnier, director of Alliance Francaise de Dhaka, who also spoke on the occasion, said that Anwar works from his heart and integrates international values in his works.

Anwar himself said that the fifty or so photographs in the exhibition expressed his feelings of forty years. He said that he also wanted to express his longings for home, specially Old Dhaka.

Anwar has won 60 international awards in photography and has about 100 international salon acceptances. His book "Journey Through Bangladesh" was published in 1988, while "Dhaka Portrait" and "Woman" were published in '92.
