Intensified movement against shrimp culture

From Staff Correspondent

KHULNA, Mar 23: The farmers of Khulna, Satkhira and Bagerhat districts are determined to form an intensified movement against shrimp culture which has not only made them pauper, but homeless also. The people of these three districts are now fed up with this sort of business being done by the affluents.

The affluent people coming from the urban areas and influential men of rural areas are allegedly cheating the farmers by paying throw away price for the land mortgaged for shrimp culture.

There is widespread allegations that saline water enters into the nearby cultivable land damaging its fertility. Sometimes, force is also applied to do so, said a UP member of Gopdaipur union under Paikgachha PS in Khulna district.

The affluent people who go to villages from the urban areas resort to violence off and on. They do not allow farmers to grow paddy. As a result, the production of paddy has miserably fallen.
